QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who can vote?

Holders of record of our common stock (“Common Stock”) as of the close of business on April 8, 2021, the record date, will be entitled to notice of and to vote at the Annual Meeting and at any adjournment or postponement. Holders of shares of Common Stock are entitled to vote on all matters brought before the Annual Meeting.

As of the record date, there were 232,824,831 shares of Common Stock outstanding and entitled to vote on the election of directors and all other matters. Holders of Common Stock will vote on all matters as a class. Holders are entitled to one vote for each share of Common Stock outstanding as of the record date.

You do not need to participate in the virtual Annual Meeting to vote your shares. Instead, you may vote by Internet or by telephone using the instructions in the Notice of Internet Availability of Proxy Materials, or if you received a paper copy of the proxy card, by signing and returning it in the envelope provided.

How do I vote?

If you are a **stockholder of record** (your shares are registered directly in your name with our transfer agent), you may vote at the virtual Annual Meeting, vote by proxy by telephone, through the Internet or, if you received a paper copy of the proxy card, by signing and returning it in the envelope provided. To vote through the Internet, go to www.proxydocs.com/ASXC and complete an electronic proxy card. You will be asked for the Control Number, which is provided on the Notice of Internet Availability of Proxy Materials or, if you received a paper copy, on the proxy card. For stockholders of record who want to attend the virtual Annual Meeting, you will be able to attend the Annual Meeting online, view the list of stockholders of record upon request, vote your shares electronically and submit questions prior to the meeting. In order to attend the Annual Meeting, you must register at www.proxydocs.com/ASXC using the control number on your proxy card or Notice of Internet Availability of Proxy Materials. The registration deadline is Thursday, June 3, 2021 at 1:00 p.m. Eastern Time. Please be sure to follow instructions found on your proxy card or voting instruction card and subsequent instructions that will be delivered to you via email.

If you are a **beneficial owner** of shares (your shares are held in the name of a brokerage firm, bank, or other nominee), you may vote by following the instructions provided in the voting instruction form, or other materials provided to you by the brokerage firm, bank, or other nominee that holds your shares. To vote your shares at the virtual Annual Meeting, you must obtain a legal proxy from the brokerage firm, bank, or other nominee that holds your shares, and present such legal proxy from the brokerage firm, bank, or other nominee that holds your shares for admittance to the Annual Meeting. Then you must register at www.proxydocs.com/ASXC using the control number on your proxy card Notice of Internet Availability of Proxy Materials. The registration deadline is Thursday, June 3, 2021 at 1:00 p.m. Eastern Time. Please be sure to follow instructions found on your proxy card or voting instruction card and subsequent instructions that will be delivered to you via email.

Whether you plan to participate in the virtual Annual Meeting or not, **we urge you to vote by proxy to ensure your vote is counted.** Voting by proxy will not affect your right to attend the virtual Annual Meeting and vote. If you properly complete your paper or electronic proxy and submit it to us in time, the “proxy” (one of the individuals named on the proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, the proxy will vote your shares as recommended by the Board and, as to any other matters properly brought before the Annual Meeting, in the sole discretion of the proxy. The presence, by registering and participating in the Annual Meeting or by submitting a proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the meeting. Abstentions in each of the proposals will be counted for the purpose of determining whether a quorum is present at the meeting and as votes cast and will have the effect of a negative vote. Broker non-votes will be counted for the purpose of determining the existence of a quorum at the Annual Meeting.

Can I revoke my proxy?

Yes. If you return your proxy card or vote via telephone or the Internet, you may revoke your proxy at any time before it is exercised. You may revoke your proxy in any one of the following ways:

Director Independence

The Board, in the exercise of its reasonable business judgment, has determined that each of our current directors qualify as independent directors pursuant to the applicable NYSE American and SEC rules and regulations, except Mr. Fernando, who is currently employed as our President and Chief Executive Officer.

Board Leadership Structure and Role in Risk Management

The Company has a separate Chairman of the Board, Mr. LaViolette, and Chief Executive Officer, Mr. Fernando. We believe that having an independent director serve as our Chairman allows our Chief Executive Officer to focus on our daily business, while allowing the Chairman of the Board to fulfill the fundamental Board leadership role, which includes providing advice to and independent oversight of our management.

The Chairman of the Board role requires significant additional commitment, particularly as the Board's oversight responsibilities continue to grow due to our expanding business operations. Our Board is committed to good corporate governance and believes that it is appropriate for an independent, highly-qualified, director to serve as its Chairman.

Our Chairman of the Board is responsible for the orderly functioning of our Board and enhancing its effectiveness. Our Chairman guides Board processes, provides input on agenda items and presides at Board meetings. Additionally, our Chairman acts as a liaison between our Board members and our executive management team, consulting regularly and providing guidance on Board-related matters.

The Board's role in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory and strategic and reputational risks, including with respect to the COVID-19 outbreak. In connection with its reviews of the operations of the Company's business and its corporate functions, the Board considers and addresses the primary risks associated with these operations and functions. Our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

In addition, each of the Board's Committees, and particularly the Audit Committee, plays a role in overseeing risk management issues that fall within such Committee's areas of responsibility. Senior management reports on at least a quarterly basis to the Audit Committee on the most significant risks facing the Company from a financial reporting perspective and highlights any new risks that may have arisen since the Audit Committee last met. The Audit Committee also meets regularly in executive sessions with the Company's independent registered public accounting firm and reports any findings or issues to the full Board. In performing its functions, the Audit Committee and each standing committee of the Board has full access to management, as well as the ability to engage advisors. The Board receives regular reports from each of its standing committees regarding each committee's particularized areas of focus.

Meetings of the Board and Committees and Description of Committees

Board of Directors

The Board held 25 meetings and acted by written consent on one occasion during the year ended December 31, 2020. Such meetings consisted of meetings at which a quorum of the directors was present in person or by telephone. Each of our directors attended greater than 75% of the meetings of the Board and the committees on which they served during 2020. The Company does not have a formal policy with regard to board members' attendance at annual meetings, but encourages them to attend each stockholders' meeting. With the exception of Dr. Hsiao, all of the then-current directors attended our most recent annual meeting of stockholders, held on June 8, 2020, in person or by telephone.

Audit Committee

The current members of the Company's Audit Committee are Mr. Pfenniger, Chair, Mr. Milne and Mr. LaViolette. Due to each member's extensive experience in serving operating companies in both managerial and director capacities, the Board determined that each member has the requisite knowledge of financial statements and general understanding of financial and reporting matters to allow each such member to serve on the Audit Committee. The Audit Committee Charter is available on our website at www.asensus.com.

The Board, in the exercise of its reasonable business judgment and utilizing the general standards it applies for determining the independence of directors, has determined that each of the current and incoming Audit Committee members qualifies as independent pursuant to NYSE American Rule 803.

The Board has determined that Mr. Pfenniger is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K. The Board made this determination based on Mr. Pfenniger's extensive career and background serving as an accountant and auditor as well as his serving various operating companies in both executive and director capacities.

The Audit Committee held seven meetings during the year ended December 31, 2020.

The following constitutes the report the Audit Committee has made to the Board:

Report of the Audit Committee

To the Board of Directors of Asensus Surgical, Inc.:

The Audit Committee has reviewed and discussed with management the Company's audited financial statements contained in its Annual Report on Form 10-K for fiscal year ended December 31, 2020 (the "Annual Report"), and has discussed with the Company's independent registered public accounting firm the matters required to be discussed by the Public Company Accounting Oversight Board under Audit Standard No. 1301, Communications with Audit Committees and PCAOB Rule 3526, "*Communication with Audit Committees Concerning Independence*." Additionally, the Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm concerning its independence as required by applicable requirements of the Public Company Accounting Oversight Board regarding communications with the Audit Committee, and has discussed with the Company's independent registered public accounting firm its independence.

In performing its functions, the Audit Committee acts in an oversight capacity. The Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for the financial statements and reports, and of the independent registered public accounting firm, which, in its report, expresses an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles. In reliance on these reviews and discussions, and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the Company's audited financial statements in the Annual Report.

The specific process for evaluating new directors, including stockholder-recommended nominees, will vary based on an assessment of the then-current needs of the Board and the Company. The Corporate Governance and Nominating Committee will determine the desired profile of a new director, the competencies we are seeking, including experience in one or more of the following: highest personal and professional integrity, demonstrated exceptional ability and judgment and who shall be most effective in conjunction with the other nominees to the board, in collectively serving the long-term interests of the stockholders. Candidates will be evaluated in light of the target criteria chosen. Certain Relationships and Related Transactions

In September 2015, the Company completed the acquisition of its Senhance System using a combination of cash, stock and potential post-acquisition milestone payments. On December 30, 2016, the Company entered into an amendment to the Senhance acquisition purchase agreement with Sofar to restructure the terms of the second tranche of payments due under the agreement. Under the amendment, the second tranche was restructured to reduce the contingent cash consideration by €5.0 million in exchange for the issuance of shares of the Company's Common Stock with an aggregate fair market value of €5.0 million. On January 4, 2017, the Company issued to Sofar 286,360 shares of the Common Stock with a fair value of €5.0 million. Sofar owned more than five percent of the Company's outstanding Common Stock until the Company's subsequent issuances of Common Stock caused Sofar's ownership percentage to fall below five percent effective March 10, 2020.

In March 2018, Asensus Surgical Europe S.à.R.L entered into a Service Supply Agreement with 1 Med S.A. for certain regulatory consulting services. Andrea Biffi, a current member of the Company's Board of Directors, owns a non-controlling interest in 1 Med S.A. Expenses under the Service Supply Agreement were approximately \$110,000 and \$12,000 for the years ended December 31, 2020 and 2019, respectively.

Review and Approval of Transactions with Related Persons

In accordance with our Code of Business Conduct and Ethics, and Audit Committee procedures, the Audit Committee of our Board reviews and approves all transactions that are required to be reported under Item 404(a) of Regulation S-K, including the transaction described above, and any other related person transactions in which the Company engages. In order to approve a related person transaction, the Audit Committee requires that (i) such transactions be fair and reasonable to us at the time it is authorized by the Audit Committee and (ii) such transaction must be authorized, approved or ratified by the affirmative vote of a majority of the members of the Audit Committee who have no interest, either directly or indirectly, in any such related person transaction.

EXECUTIVE COMPENSATION

We are currently a “smaller reporting company” as defined by Item 10 of the Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and have elected to provide in this proxy statement certain scaled disclosures permitted under the Exchange Act for smaller reporting companies. Therefore, the Executive Compensation overview below is not comparable to the “Compensation Discussion and Analysis” that is required of SEC reporting companies that are not smaller reporting companies.

Business overview for 2020

In February 2021, we changed our name from TransEnterix, Inc. to Asensus Surgical, Inc. We are a medical device company that is digitizing the interface between the surgeon and the patient to pioneer a new era of Performance-Guided Surgery™ by unlocking clinical intelligence for surgeons to enable consistently superior outcomes and a new standard of surgery. This builds upon the foundation of Digital Laparoscopy with the Senhance® Surgical System powered by the Intelligent Surgical Unit™ (ISU™) to increase surgeon control and reduce surgical variability. With the addition of machine vision, augmented intelligence, and deep learning capabilities throughout the surgical experience, we intend to holistically address the current clinical, cognitive and economic shortcomings that drive surgical outcomes and value-based healthcare.

We focused our efforts in 2020 on continued market development and commercialization of the Senhance Surgical System (“Senhance System”), which digitizes laparoscopic minimally invasive surgery (“MIS”), by providing a computer controller interface in the Senhance System. The Senhance System is the first and only digital, multi-port laparoscopic platform designed to maintain laparoscopic MIS standards while providing digital benefits such as haptic feedback, robotic precision, comfortable ergonomics, advanced instrumentation including 3 mm microlaparoscopic instruments, eye-sensing camera control and fully-reusable standard instruments to help maintain per-procedure costs similar to traditional laparoscopy.

The Senhance System is commercially available in Europe, the United States, Japan, Taiwan, Russia and select other countries.

- The Senhance System has a CE Mark in Europe for adult and pediatric laparoscopic abdominal and pelvic surgery, as well as limited thoracic surgeries excluding cardiac and vascular surgery.
- In the United States, we have 510(k) clearance from the FDA for use of the Senhance System in general laparoscopic surgical procedures and laparoscopic gynecologic surgery in a total of 31 indicated procedures, including benign and oncologic procedures, laparoscopic inguinal, hiatal and paraesophageal hernia, sleeve gastrectomy and laparoscopic cholecystectomy (gallbladder removal) surgery.
- In Japan, we have received regulatory approval and reimbursement for 98 laparoscopic procedures.
- The Senhance System received its registration certificate by the Russian medical device regulatory agency, Roszdravnadzor, in December 2020, allowing for its sale and utilization throughout the Russian Federation.

As of December 31, 2020, we had 11 foundational sites, up from seven at the start of 2020. Foundational sites are hospitals that are performing clinical procedures with the Senhance System at an annualized rate of greater than 100 procedures per year.

In 2020:

- surgeons performed over 1,450 procedures utilizing the Senhance System, representing a 10% decrease over the previous year, which was less than our goal as a result of the impact of the COVID-19 pandemic on elective surgeries and hospital operations. These procedures included general surgery, gynecology, urology, colorectal and bariatric surgical cases.
- we obtained regulatory clearance for the Senhance ultrasonic system in both Taiwan and Japan. We also received clearance for the ISU in both the U.S. and Japan. Finally, in the EU, we expanded our claims for the Senhance System to include pediatric patients, allowing accessibility to more surgeons and patients, as well as expanding our potential market to include pediatric hospitals in Europe. We anticipate the robotic precision provided by the Senhance System, coupled with the already available 3 mm instruments will prove to be an effective tool in surgery with smaller patients.

The 3 mm instruments enable the Senhance System to be used for microlaparoscopic surgeries, allowing for tiny incisions. The Senhance ultrasonic system is an advanced energy device used to deliver controlled energy to ligate and divide tissue, while minimizing thermal injury to surrounding structures. The Senhance articulating system was launched in the EU in November 2019 and we are evaluating our pathway forward to launch such a system in the United States with a planned submission for U.S. clearance in the first half of 2021.

We received FDA clearance in January 2020 for the ISU. We believe it is the only FDA-cleared device for machine vision technology in abdominal robotic surgery. On September 23, 2020, we announced the first surgical procedures successfully completed using the ISU. In January 2021, we received CE Mark for the ISU.

We have also focused on expanding the indications for use of the Senhance System. During 2020, we filed an application to expand the general surgery indications for the Senhance System, which clearance was obtained in March 2021.

The COVID-19 pandemic had a significant impact on us in 2020 and continues to have a significant impact on our operations, primarily due to the temporary cessation of elective surgical procedures in many markets, and the challenges and restrictions caused by stay-at-home orders, social distancing requirements and travel restrictions. Our business and customers were negatively impacted by the COVID-19 pandemic, which suspended many elective surgical procedures globally, curtailed travel and necessarily diverted the attention of hospital customers. A variety of travel restrictions have caused delays in product installation and training activities. Since the second quarter of 2020, we have seen elective surgical procedures recommence in the United States, Europe and Japan, but not, to date, to the levels seen before the COVID-19 pandemic. This has significantly impacted our ability to implement our market development activities to place our Senhance Systems, provide training, and increase the use of the Senhance Systems in place. Given the dynamic nature of this health emergency, the full impact of the COVID-19 pandemic on ongoing business, results of operations and overall financial performance cannot be reasonably estimated at this time.

Executive compensation overview for 2020

Over the past few years, the Compensation Committee and the Board have worked with management to update the Company's executive compensation program to (1) highlight the importance of equity-based compensation to the Named Executive Officers, (2) increase the performance-based portion of total compensation and (3) re-evaluate and annually assess the Company's peer group.

The Company believes it is vital to link executive compensation to corporate performance and to create incentives for management to enhance Company value. In accordance with its compensation philosophy, the Company seeks to attract and retain employees through salary levels that are competitive with the local market and similarly situated companies but generally to follow the market rather than lead the market, particularly with respect to cash compensation, and offer attractive equity and cash-based incentive components to align compensation with Company performance objectives. The Company desires, over time, to move total direct compensation toward the median of comparable companies, while remaining more aggressive in the use of equity-based compensation, but not in a market leader position. The Company believes this approach allows it to attract and retain candidates that support the Company culture of being motivated by aggressive goals and optimism about the future, while permitting the Company to preserve the use of cash for incentive compensation. The Compensation Committee has determined that the use of time-based equity compensation is preferable at this time in the Company's history but continues to assess the appropriate use of performance-based compensation.

In 2020, the Compensation Committee, with assistance from Radford, selected a peer group to provide data to the Compensation Committee. The peer group consists of companies in the medical device and medical tool industries, with a focus on robotics where possible. We focused on companies of similar size and business complexity with a range of revenues, market capitalization, time since IPO, and employees, among other factors, that we believe provide reasonable comparisons, trends and business activities for the Company. The same peer group was used in making 2020 compensation decisions, as reduced by one because of a bankruptcy filing.

The peer group of companies consists of the following 20 companies:

Asensus Peer Group of Companies

Apollo Endosurgery, Inc.	Microbot Medical Inc.
Apyx Medical Corporation	Misonix, Inc.
AxoGen, Inc.	Myomo, Inc.
Bionano Genomics, Inc.	Neuronetics, Inc.
Conformis, Inc.	Obalon Therapeutics, Inc.
Cutera, Inc.	Ra Medical Systems, Inc.
Cytosorbents Corporation	Rockwell Medical, Inc.
electroCore, Inc.	Second Sight Medical Products, Inc.
IRADIMED CORPORATION	Surmodics, Inc.
IRIDEX Corporation	ViewRay, Inc.

Based on the peer group analysis, and other factors considered by the Compensation Committee, the base salary for the Named Executive Officers were determined to be at the median of the peer group and the bonus opportunity of 75% of base salary for Mr. Fernando and 50% for Mr. Rampertab considered to be consistent with peer groups and appropriate.

With respect to equity compensation, after consultation with Radford and review of the peer group data, in 2020 the Compensation Committee determined that it was appropriate to make a few changes to the Company's equity compensation awards to the Named Executive Officers to address the lack of retentive nature of the outstanding underwater stock options, and the low equity ownership percentage as compared to other companies. The Compensation Committee considered a number of ways to address these issues. After consideration, the Compensation Committee (a) shifted the calculation of equity awards to a target dollar value rather than a fixed number of shares, with a floor stock price of at least \$1.00/share, which was significantly higher than the trading price of the Common Stock at the time, (b) shortened the term of stock options to seven years and reduced the vesting schedule for stock options to vest fully over three years, and (c) added performance-based restricted stock units ("PRSUs") to the mix of equity awards granted to the Named Executive Officers. For 2020, approximately 30% of the equity awards made to Mr. Fernando. In addition, because of the large number of underwater stock options outstanding, and the low percentage of equity held by management and other employees, in comparison to peer companies, the Compensation Committee made one-time "refresh" grant to Mr. Fernando of restricted stock units with a one-year vesting period, using a 1.5 times multiplier of underwater stock options held by Mr. Fernando.

For 2021, the Compensation Committee increased the percentage of performance-based equity-based awards for the Chief Executive Officer and Chief Financial Officer to one-third of equity awards, and focused the performance goal on business objectives rather than stock price.

- (1) Total compensation for the Named Executive Officers is determined by the Compensation Committee each year, based on its evaluation of the needs of the Company, the desire to recruit and retain top management to advance the Company's goals, and competition for executives in the industry. Given the 2019 operational results, the changes in the management team, the need to retain the services of the new management team and the impact of the COVID-19 pandemic on the Company, and taking into consideration the 2020 say-on-pay advisory vote on compensation of our Named Executive Officers, among other considerations, the Compensation Committee and the Board determined that it was appropriate to continue its engagement of an independent compensation consultant to assist the Compensation Committee in evaluating executive compensation. In February 2020, the Compensation Committee retained the services of Radford, a nationally recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives, to provide the committee with advice and ongoing recommendations regarding material executive, non-executive and non-employee director compensation decisions and to review compensation proposals of management. Radford reports directly to the Compensation Committee and does not provide any non-compensation related services to the Company. The Compensation Committee has determined that Radford is independent of the Company.

For 2020, the base salary for Mr. Fernando was reduced for two months as part of the Company's expense reductions associated with the COVID-19 pandemic.

- (2) Represents two bonuses for Mr. Fernando for 2020, and one bonus for each of Mr. Smith and Mr. Fernando. In October 2019, as part of the Company's restructuring program and management changes in the fourth quarter of 2019, the Board approved a short term retention plan to provide short-term bonuses to Mr. Fernando and Mr. Smith for continued service to the Company through January 31, 2020. Such short term retention bonuses were earned and paid in February 2020 and are reflected above. In addition, this disclosure includes one-time bonuses awarded in 2021 to Mr. Fernando and Mr. Rampertab for leadership efforts in 2020 and early 2021. For Mr. Smith, the 2019 disclosure represents his sign-on bonus portion paid in 2019 under his employment agreement.
- (3) Represents time-based RSUs and, in 2020, PRSUs awarded to Mr. Fernando as part of long-term incentive awards for each year. The RSUs vest in three equal installments in early February of the first three anniversaries of the date of grant. The PRSUs awarded to Mr. Fernando vest in three equal installments in early February of the first three anniversaries of the date of grant, subject to achievement of a performance goal of a closing trading price of at least \$1.00 for twenty consecutive trading days. The performance goal was achieved in February 2021 and the first tranche of PRSUs for Mr. Fernando vested following such achievement. Mr. Rampertab received a PRSU grant as part of his sign-on equity awards in August 2020 with the same performance goal. The first time-based vesting period for Mr. Rampertab's PRSUs has not yet occurred. For Mr. Rampertab, all equity awards represent his sign-on awards of RSUs and PRSUs, as well as stock options that were issued outside of the Company's stockholder-approved plan in accordance with the employment inducement award exception of the need for stockholder approval under the NYSE American rules.

For Mr. Fernando, the 2020 awards also include the refresh grant described above.

- (4) For all RSUs, PRSUs and stock options, the values reflect the aggregate grant date fair value for all awards made in 2020, computed in accordance with FASB ASC Topic 718. Assumptions made in the calculation of these amounts are described in Notes 14 and 15 to the Company's audited financial statements, included in the Company's Annual Report on Form 10-K for the year ended December 31, 2020, filed with the SEC on March 11, 2021.

- (5) Represents annual incentive bonuses paid under an annual performance-based cash incentive plan. Corporate performance goals are established by the Compensation Committee for each year. The incentive bonuses are determined by the Compensation Committee based on the achievement of corporate performance goals. For 2020, the annual incentive bonus paid at 64% of the target bonus payout level. For 2020, the corporate performance goals consisted of (a) a revenue target, (b) advancement of clinical progress through (i) an increase in the number of surgeries performed using the Senhance System, (ii) the establishment of foundational sites (hospitals committed to regular and growing use of the Senhance System), (iii) an increase in the number of hospitals with Senhance System placements, and (iv) publications related to the Company's products, (c) progress on expanding the Company's FDA clearance and CE marks for additional products and indications for use of the Senhance System, and (d) prudent cash management. The Compensation Committee determined the achievement at the 64% level for 2020 based primarily on the growing use of the Senhance System despite the interruption in global elective surgeries as a result of the COVID-19 pandemic, success in increasing Senhance System placements and foundation sites creation, cash management activities that reduced expenses and pursued capital raising transactions to support the Company during 2020 without the incurrence of debt, and the Company's achievement of baseline revenue in a year in which revenue was not a focus. For 2019, no annual incentive bonuses were earned or paid by the Named Executive Officers.
- (6) Represents severance payments for Mr. Smith.
- (7) In the event of termination of his employment in connection with a change in control transaction, all unvested outstanding equity awards held by the Named Executive Officer will accelerate and vest upon the date of termination. See the description of the employment agreements with each of the Named Executive Officers below in this proxy statement.
- (8) Mr. Fernando served as Chief Operating Officer from June 1, 2017 until November 7, 2019. On November 8, 2019, Mr. Fernando was appointed as President and CEO and joined the Board of Directors.
- (9) Mr. Rampertab was appointed as Executive Vice President and Chief Financial Officer effective August 24, 2020.
- (10) Mr. Smith's employment began on August 31, 2018. Effective as of March 31, 2020, the Company eliminated the role of Chief Commercial Officer and Mr. Smith's employment with the Company was therefore terminated without cause. He received the severance due under his employment agreement.

Agreements with Named Executive Officers

Anthony Fernando

On November 8, 2019, the Company entered into an amended and restated employment agreement with Anthony Fernando regarding Mr. Fernando's employment with the Company as its President and Chief Executive Officer. The initial employment period under the employment agreement commenced on November 8, 2019 and will continue until December 31, 2021. The term of the employment agreement automatically renews for successive one-year terms, unless terminated in accordance with the terms of the employment agreement. Mr. Fernando's annual base salary under the employment agreement at the time of execution was \$440,000. Mr. Fernando's salary is subject to increase in accordance with the employment agreement. He is eligible to receive annually, or otherwise, an incentive compensation award opportunity, payable in cash, as determined by the Compensation Committee of the Board, and he is eligible for long term incentive equity compensation. Mr. Fernando's target annual cash incentive compensation opportunity will not be less than 75% of his base salary for the portion of the employment period falling within a given fiscal year, and performance goals are based on both Company performance metrics and personal performance metrics, if any, as established and approved by the Compensation Committee or the Board annually. The equity-based compensation will be awarded under the Plan, or any successor thereto, in the discretion of the Compensation Committee or the Board. Mr. Fernando is entitled to severance benefits, paid by the Company or any successor, as follows. If the employment agreement is terminated without cause or for good reason, or if the employment agreement is not extended at the end of the then-current term, Mr. Fernando will receive severance as described below, and continued health and welfare benefits for twelve months following termination. If Mr. Fernando's employment is terminated in connection with a Change in Control of the Company (as defined in the employment agreement), his severance benefits would be expanded to twenty-four months. The severance payable is the sum of (a) his annual rate of base salary immediately preceding his termination of employment, and (b) his target annual bonus for the fiscal year in which the termination occurs; provided, that if the qualifying termination occurs in connection with a Change in Control of the Company, the target bonus paid as part of the severance will be the target bonus approved for Mr. Fernando for the year in which the Change in Control occurs, or, if he is not employed by the Company in such year, or a bonus is not determined for such year, then the year immediately preceding the year in which the Change in Control occurs. In addition, Mr. Fernando would continue to receive payment for health care benefits for such period. Such severance benefit can be paid in a lump sum in the Change in Control context, subject to a payment delay required by applicable law. In addition, in the event of termination of his employment in connection with a Change in Control, to the extent not previously accelerated, all of Mr. Fernando's unvested outstanding equity awards shall accelerate and vest upon the date of termination. Mr. Fernando is subject to non-solicitation and non-competition covenants during the terms of the employment agreement and for one year immediately following the termination of his employment.

Shameze Rampertab

On August 14, 2020, the Company entered into an employment agreement with Mr. Rampertab regarding Mr. Rampertab's employment with the Company as Executive Vice President and Chief Financial Officer. The initial employment period under the employment agreement is August 24, 2020 to August 31, 2022. The term of the employment agreement then will automatically renew for successive one-year terms, unless terminated in accordance with the terms of the employment agreement. Mr. Rampertab will be initially based at his home office in Ontario, Canada, but will pursue, in conjunction with the Company, receipt of the necessary visa to allow him to work at the headquarters of the Company. Because Mr. Rampertab will initially be working from Ontario, Canada, the terms of his employment and his employment agreement are subject to Ontario's Employment Standards Act, 2000 (the "ESA"), the Ontario Human Rights Code and other statutory and common law requirements. These requirements with very limited exceptions include mandated minimum notice periods, or pay in lieu of notice, for termination of employment, which are generally one week for each year of service up to eight weeks, and may include statutory severance, generally one week of pay for each year of service up to 26 weeks.

Pursuant to his employment agreement, Mr. Rampertab will receive an initial base salary of \$275,000. Mr. Rampertab is also eligible to receive annual short-term, performance-based cash bonus awards. During the term, Mr. Rampertab's target annual cash incentive compensation opportunity will be no less than 50% of his base salary for the portion of the employment period falling within a given fiscal year, and performance goals shall be based on both Company performance metrics and personal performance metrics, as established by the Compensation Committee or the Board. The equity-based compensation will be awarded under the Plan, or any successor thereto, in the discretion of the Compensation Committee or the Board. Rampertab is entitled to severance benefits under the employment agreement as follows: (i) if Mr. Rampertab's employment is terminated without Cause (as defined in the employment agreement) or he terminates his employment for Good Reason (as defined in the employment agreement) or if the Company elects not to extend the employment agreement at the end of the then-current term, Mr. Rampertab will receive an amount equal to the greater of (a) severance and continued health and welfare benefits for six (6) months following termination, or (b) any additional minimum pay in lieu of notice, statutory severance, benefits continuation, accrued vacation and any other minimum entitlement as required by the ESA, to the extent the ESA then governs any amounts payable to Mr. Rampertab; and (ii) if Mr. Rampertab's employment is terminated in connection with a Change in Control of the Company (as defined in the employment agreement), his severance benefits described in clause (i)(a) would be expanded to twelve (12) months. The severance payable under clause (i)(a) is one-twelfth per month of the sum of (a) his annual rate of base salary immediately preceding his termination of employment, and (b) his target annual bonus for the fiscal year in which the termination occurs. Such severance benefit can be paid in a lump sum in the event of a Change in Control. If Mr. Rampertab's employment is terminated as a result of his death, disability or for Cause, or if he resigns without Good Reason, Mr. Rampertab may also be eligible to receive minimum pay in lieu of notice, statutory severance, his bonus for the year of termination of his employment, benefits continuation, accrued vacation and any other minimum entitlement if and as required by the ESA, to the extent the ESA then governs any amounts payable to Mr. Rampertab. In addition, in the event of termination of his employment in connection with a Change in Control, to the extent not previously accelerated, all of Mr. Rampertab's unvested outstanding equity awards shall accelerate and vest upon the date of termination. Further, the vesting period of Mr. Rampertab's equity awards may extend beyond the date of termination of his employment and continue to the end of the minimum notice of termination period required by the ESA in the event of a termination of his employment pursuant to which notice of termination (or pay in lieu thereof) is required by the ESA (if the ESA is applicable at the time of termination). The exercisability of the stock options will extend through the 90-day period following termination of his employment, unless there is a termination for Cause, in which case it will extend until the date of termination or the end of the statutory notice period required by the ESA if the circumstances of the termination require notice of termination pursuant to the ESA. Mr. Rampertab is subject to non-solicitation and non-competition covenants during the terms of the employment agreement and for one year immediately following the termination of his employment.

Eric Smith

On August 15, 2018, the Company entered into an employment agreement with Mr. Smith. The initial employment period under the employment agreement was August 31, 2018 to August 31, 2020. Mr. Smith's initial annual base salary at the time of execution is set forth in the employment agreement. His salary was subject to increase in accordance with the employment agreement. Mr. Smith was eligible to receive annually, or otherwise, an incentive compensation award opportunity, payable in cash, as determined by the Compensation Committee, and he was eligible for long term incentive equity compensation. The target annual cash incentive compensation opportunity was 50% of his base salary for the portion of the employment period falling within a given fiscal year, and performance goals are based on both Company performance metrics and personal performance metrics, if any, as established and approved by the Compensation Committee or the Board annually. The equity-based compensation, if any was awarded under the Plan, or any successor thereto, in the discretion of the Compensation Committee or the Board. Mr. Smith was entitled to severance benefits, paid by the Company or any successor, as follows. If the employment agreement was terminated without cause or for good reason, or if the employment agreement is not extended at the end of the then-current term, Mr. Smith was eligible to receive severance, and continued health and welfare benefits for nine months following termination. The severance was calculated based on the sum of (a) his annual rate of base salary immediately preceding his termination of employment, and (b) his target annual bonus for the fiscal year in which the termination occurs. Mr. Smith is subject to non-solicitation and non-competition covenants for a one (1) year immediately following his termination of his employment.

In March 2020, the Company eliminated the position of Chief Commercial Officer and terminated Mr. Smith's employment without cause. The Company and Mr. Smith entered into a separation agreement on March 27, 2020, pursuant to which Mr. Smith's employment was terminated effective March 31, 2020, and which provided Mr. Smith with the severance compensation due to him under his employment agreement. Additionally, under the separation agreement Mr. Smith received the short-term retention bonus awarded to him in November 2018 and which vested effective March 6, 2020. Pursuant to the terms of the separation agreement, Mr. Smith made himself available to the Company from time to time through September 1, 2020 to provide information in response to the Company's reasonable requests and, in exchange, Mr. Smith's outstanding equity awards continued to vest in accordance with his award agreements through September 1, 2020.

The Named Executive Officers get no compensation, other than accrued obligations, in other termination events, including voluntary termination by the executive or termination on death or disability of the executive. The following table calculates what the severance compensation would have been for the Named Executive Officers employed at December 31, 2020, if a qualifying termination had occurred at December 31, 2020 under the employment agreements:

Named Executive Officer	Benefit	Termination without Cause (\$)	Termination for Good Reason (\$)	Change In Control (Single Trigger) (\$) (1)	Change In Control (Double Trigger) (\$)
Anthony Fernando	Severance (2)	770,000	770,000	—	1,540,000
	Equity Awards (3)	—	—	—	—
	Health Care Benefits	—	—	—	—
	Total	770,000	770,000	—	1,540,000
Shameze Rampertab	Severance (2)	275,000	275,000	—	412,500
	Equity Awards (3)	—	—	—	—
	Health Care Benefits	12,565	12,565	—	25,130
	Total	287,565	287,565	—	437,630

- (1) No severance benefits or equity award acceleration occurs automatically on the event of a Change of Control.
- (2) Receipt of severance is contingent upon executing a release of claims. Severance is paid over a one-year period for Mr. Fernando and a six-month period for Mr. Rampertab, if there is a qualifying termination without cause or termination with good reason outside of the Change in Control context, and for two years for Mr. Fernando and twelve months for Mr. Rampertab if there is a qualifying termination without cause or for good reason in connection with a Change in Control. Severance payments paid in connection with a termination in connection with a Change in Control can be paid in a lump sum. Severance payments are subject to applicable law and will be paid by the Company or any successor.
- (3) Consists of the difference between the fair market value of our Common Stock and the exercise price of the stock option for each in-the-money stock option grant and the fair market value of any RSUs and PRSUs for which vesting is accelerated. The closing price of the Company's Common Stock on December 31, 2020 was \$0.63 per share; therefore no value was added for stock options that were out-of-the-money as of such date.

Equity Compensation Plans

The Amended and Restated Incentive Compensation Plan, as amended (the "Plan") is currently the Company's only equity compensation plan under which it makes awards. The Plan was originally approved by the Board and adopted by the majority of our stockholders on November 13, 2007, and amended and restated and approved by the Board and approved by the majority of our stockholders on May 7, 2015 to increase the number of shares of Common Stock authorized under the Plan to 918,461 shares, and to make other changes. The Plan was amended on June 8, 2016 to increase in the number of shares reserved for issuance under the Plan to 1,456,923 shares, on May 25, 2017 to increase the number of shares reserved for issuance under the Plan to 1,995,384, on May 24, 2018 to increase the number of shares reserved for issuance under the Plan to 3,149,230, on April 24, 2019 to increase the number of shares reserved for issuance under the Plan to 4,072,307, and to make other changes, and on June 8, 2020 to increase the number of shares reserved for issuance under the Plan to 10,072,307, and to make other changes. The Plan is used for plan-based awards for officers, other employees, consultants, advisors and non-employee directors. The Company can issue stock options, stock appreciation rights, restricted stock units and other stock-based awards under the Plan.

In connection with a 2013 merger transaction, the Company assumed all of the options that were issued and outstanding immediately prior to the merger as issued by Asensus Surgical U.S., Inc., a subsidiary of the Company and a party to the merger, and adjusted based on the merger exchange ratio, which are now exercisable for approximately 86,633 shares of Common Stock. Such options were granted under the TransEnterix, Inc. 2006 Stock Plan (the “2006 Plan”) which was assumed by the Company in the merger. The 2006 Plan is maintained solely for the purpose of the stock options granted under such 2006 Plan that remain outstanding; no future awards are authorized to be made under the 2006 Plan.

Director Compensation

Director Compensation Arrangements

In April 2020, as part of the Company’s restructuring and cash conservation efforts, the Board determined it was in the best interests of the stockholders for the Board to revise the non-employee director compensation program to consist of equity grants only, no cash fees, and a reduction in overall annual compensation.

On April 30, 2020, the Board approved the current compensation arrangements for non-employee directors of the Company that were recommended by the Compensation Committee of the Board. The recommendation was based on an evaluation of the compensation paid to non-employee directors of the peer group of companies described above under the Summary Compensation Table, with input from Radford, the compensation consultant retained by the Compensation Committee.

The following chart summarizes the non-employee director compensation program, which became effective on July 1, 2020:

Stock options will have a seven year term.

In addition, when a new director joins the Board, he or she will receive an annual grant of 50% stock options and 50% restricted stock units with a grant date value of approximately \$150,000, a vesting schedule of one-third of the award for the first three years after the date of grant for the stock options and three-year cliff vesting for the restricted stock units.

2020 Director Compensation

The following table lists the compensation paid during 2020 to the non-employee directors of the Company. In addition to the annual grants as described above, the non-employee directors received one-time awards of RSUs or stock options to adjust their equity-based compensation to be more consistent with the desired compensation levels given the Company's stock price declines over the past few years.

PROPOSALS TO BE ACTED UPON AT THE ANNUAL MEETING

PROPOSAL ONE – ELECTION OF DIRECTORS

The Board has nominated seven incumbent directors for re-election as directors to serve until our next annual meeting and until each director's successor is duly elected and qualified. Each director nominee has consented to being named as a director nominee in this proxy statement and to serving as a director, if elected. Please see pages 7 through 10 of this proxy statement under the heading "Directors" for information regarding the seven nominees for election as a director.

Nominees for election of directors

The persons named in the form of proxy will vote the shares represented by such proxy for the election of the seven nominees for director named below. If, at the time of the Annual Meeting, any of these nominees shall become unavailable for any reason, which event is not expected to occur, the persons entitled to vote the proxy will vote for such substitute nominee or nominees, if any, as they determine in their sole discretion. If elected, Paul A. LaViolette, Anthony Fernando, Andrea Biffi, Jane H. Hsiao, David B. Milne, Richard C. Pfenniger, Jr. and William N. Starling will each hold office for a term of one year, until their successors are duly elected or appointed or until their earlier death, resignation or removal.

Vote required and recommendation

The Board of Directors recommends a vote "For" the election of Messrs. LaViolette, Fernando, Biffi, Milne, Pfenniger and Starling and Dr. Hsiao to the Board. Directors are elected by a plurality of votes. Unless otherwise specified, the proxy will be voted "For" the election of the Board's slate of nominees. Discretionary authority may be exercised by the proxy holders named in the proxy to vote for a substitute nominee proposed by the Board if any nominee becomes unavailable for election.

PROPOSAL TWO – AMENDMENT AND RESTATEMENT OF THE AMENDED AND RESTATED INCENTIVE COMPENSATION PLAN

The purpose of the Asensus Surgical, Inc. Amended and Restated Incentive Compensation Plan (the "Plan") is to assist us in attracting, motivating, retaining and rewarding high-quality executives and other employees, officers, directors, consultants and other persons who provide services to us and our subsidiaries and affiliates. We are proposing to further amend and restate the Plan as described in this proposal. The Plan is intended to enable those persons to acquire or increase an ownership interest in us in order to strengthen the mutuality of interests between them and our stockholders, and to provide those such persons with performance incentives to expend their maximum efforts in the creation of stockholder value.

Change Proposed to be made to the Plan and Reasons for the Change

The change to the Plan proposed for stockholder approval is an increase in the number of shares available for existing and future awards under the Plan by 22,000,000 to a total of 32,072,307 shares.

Increase in Authorized Shares

As of the record date of April 8, 2021, without the increase approved by the Board on April 19, 2021, 10,072,307 shares of Common Stock were authorized for issuance under the Plan, of which 1,264,377 shares remain available for future issuance. In addition, awards to our CEO and CFO for an aggregate of 2,819,065 shares were made in February 2021, contingent upon receipt of stockholder approval for the increase in the number of shares available under the Plan. With the 22,000,000 shares we are requesting to add to the Plan, the total number of shares subject to existing awards or available for future awards of 24,812,014 is approximately 11% of the 232,824,831 outstanding shares as of the record date. The shares available for future issuances represent approximately 10% of the outstanding shares as of the record date.

In order to continue to provide the appropriate equity incentives to plan participants in the future, on April 19, 2021, the Board approved, subject to stockholder approval at this Annual Meeting, an amendment and restatement of the Plan to increase the number of shares of Common Stock reserved for issuance under the Plan by 22,000,000 shares from 10,072,307 shares to 32,072,307 shares.

The Company desires to have sufficient shares available for incentive and compensation awards to be made under the Plan as it continues to pursue its market development activities for the Senhance System and its Performance-Guided Surgery™ initiative and grow its business following the 2019/2020 restructuring of the Company and implementation of a new strategic focus. In addition, the COVID-19 pandemic has had a material impact on the Company's business, particularly goals outlined for 2020, which impact is continuing as of the date of this proxy statement. We cannot predict whether we will be able to successfully implement our revised strategy and believe we need to have sufficient shares available under the Plan to make equity awards to retain and incentivize our existing employees and executives and recruit and retain new employees. We believe it is important for us to have sufficient availability to provide retentive equity awards to existing employees, particularly while we are trying to conserve cash, and believe it is prudent to maintain sufficient authorized shares to allow us to make new hire, promotion and annual equity awards to employees, advisors and consultants in the future. In addition, the Company provides equity awards to non-employee directors as compensation for serving as a director, and anticipates that it may recruit new directors in the future as it strives to add skills and qualifications to its Board. Further, the Board is evaluating the compensation to be paid to non-employee directors, and the use of stock in such compensation. For these reasons, the Company is seeking approval to add an additional 22,000,000 shares to the Plan.

A copy of the proposed Amended and Restated Plan is attached as [Annex A](#) to this proxy statement. The following is a summary of the provisions of the Plan. You are encouraged to review the Plan for a full understanding of the Plan.

Description of the Plan

The following is a summary of the principal features of the Plan.

Shares Available for Awards; Annual Per-Person Limitations

Under the Plan, without the increase approved by the Board on April 19, 2021, 10,072,307 shares of Common Stock are reserved for issuance, of which 1,264,377 remain available for new issuances as of the date of this proxy statement. Without stockholder approval, awards made in February 2021 to our CEO and CFO for an aggregate of 2,819,065 shares will be forfeited. If the amendment to the Plan is approved at this Annual Meeting, the total number of shares of Common Stock reserved under the Plan would be increased by 22,000,000 shares to an aggregate of 32,072,307 shares. We believe such increase will allow us to make needed equity awards for two to three years. Any shares that are subject to awards of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares or other awards count against this limit as one share for every share granted.

If any shares subject to an award are forfeited, expire or otherwise terminate without issuance of shares, then the shares subject to such forfeiture, expiration or termination will again become available for awards under the Plan. Shares tendered in payment of any exercise price or withheld to satisfy any tax withholding obligation will not be available for re-grant; any cash tendered to pay any exercise price or to meet tax withholding obligations will not be used by the Company to purchase additional shares on the open market for use under the Plan. Awards issued in substitution for awards previously granted by a company acquired by us or one of our subsidiaries or affiliates, or with which we or one of our subsidiaries or affiliates combines, do not reduce the limit on grants of awards under the Plan.

While equity incentive awards are an important part of our compensation program, the Board and the Compensation Committee of the Board are mindful of their responsibility to our stockholders to exercise judgment in granting equity-based awards. We review a number of metrics to assess the cumulative impact of our equity compensation programs, including burn rate and overhang. Burn rate measures our usage of shares from our equity incentive plans as a percentage of our outstanding Common Stock. Overhang measures the potential dilution to which our existing stockholders are exposed due to outstanding equity awards.

The annual share usage for the last three fiscal years was as follows:

	<u>FY 2018</u>	<u>FY 2019</u>	<u>FY 2020</u>
Burn Rate (1)	5.81%	5.15%	10.84%
Overhang (2)	14.45%	14.87%	7.48%

- (1) Burn rate represents, for each fiscal year (i) the sum of stock options granted plus restricted stock and RSUs awards granted as multiplied by a multiplier based on stock price volatility divided by (ii) the basic weighted average common shares outstanding.
- (2) Overhang represents (i) total plan shares divided by (ii) the sum of total plan shares and common shares outstanding, where total plan shares equals the sum of the number of shares available for future grants under all existing plans, and the number of stock options and RSUs outstanding.

As part of the Company's cash conservation and cash management activities and to allow the Company to focus its cash resources on operational activities, in 2020 the Board approved a change to all-equity compensation for non-employee directors. Given the volatility in the Company's stock price and the desire to provide reasonable, competitive compensation to existing and new non-employee directors, the Company established the annual maximum limitation as a dollar value, rather than a fixed number of shares. The current annual limitations under the Plan for awards to non-employee directors is \$250,000 per year, with the one-time ability for annual maximum compensation of \$500,000 in the initial year of service. See "Director Compensation" above in this proxy statement.

Administration

The Compensation Committee administers the Plan. The Compensation Committee, acting as the administrator of the Plan has, among other things, the discretionary authority to interpret the Plan, determine eligibility for and grant awards, determine the number of shares subject to any award made under the Plan, determine, modify or waive the terms and conditions of any award, prescribe forms, rules and procedures, and do all things necessary to carry out the purposes of the Plan, all subject to the provisions of and limitations in the Plan. All determinations of the Compensation Committee made under the Plan will be conclusive and will bind all parties. The Compensation Committee may, in its discretion, delegate to one or more individuals the day-to-day administration of the Plan and any of the functions assigned to the Compensation Committee in the Plan.

Eligibility

The persons eligible to receive awards under the Plan are our non-employee directors, officers, other employees, consultants and other persons who provide services to us or any of our subsidiaries or affiliates. An employee on leave of absence may be considered as still in our employ for purposes of eligibility for participation in the Plan. As of the record date, approximately 135 non-employee directors and employees were eligible to participate in the Plan. In addition, current consultants are eligible to participate in the Plan.

The following table sets forth summary information as to outstanding awards granted under the Plan to the Named Executive Officers, non-employee directors and non-executive employees and consultants during 2020:

Name/Group	Number of Shares
Anthony Fernando, CEO and President	1,500,000
Shameze Rampertab, EVP and Chief Financial Officer	200,000
Eric Smith, former Chief Commercial Officer	—
Non-Employee Directors as a group	583,760
Non-Executive Employees and Consultants as a group	3,677,086

Stock Options and Stock Appreciation Rights

The Compensation Committee is authorized to grant stock options, including both incentive stock options, which we refer to as “ISOs,” which can result in potentially favorable tax treatment to the recipient, and non-qualified stock options, and stock appreciation rights entitling the recipient to receive the amount by which the fair market value of a share of the Common Stock on the date of exercise exceeds the grant price of the stock appreciation right. The exercise price per share subject to an option and the grant price of a stock appreciation right cannot be less than the fair market value on the date of grant. For purposes of the Plan, the term “fair market value” means the closing sales price per share of the Common Stock as reported on the principal stock exchange or market on which the Common Stock is traded on the date as of which such value is being determined or, if there is no sale on that date, then on the last previous day on which a sale was reported. If the Common Stock is not listed on any such exchange or market, the Compensation Committee will determine the fair market value. The maximum term of each option or stock appreciation right, the times at which each option or stock appreciation right will be exercisable, and provisions requiring forfeiture of unexercised options or stock appreciation rights at or following termination of employment generally are fixed by the Compensation Committee, except that no option or stock appreciation right may have a term exceeding ten years, and the minimum vesting schedule for stock options is six months. Methods of exercise and settlement and other terms of the stock appreciation right are determined by the Compensation Committee. As determined by the Compensation Committee and included in an award agreement, options may be exercised by payment of the exercise price in cash, shares of Common Stock underlying the award or owned shares having a fair market value equal to the exercise price, as the Compensation Committee may determine from time to time.

Unless otherwise determined by the Compensation Committee (in an award agreement or otherwise) or as otherwise directed in writing to the Company by a participant holding an option, each option outstanding on the trading day prior to the date the option would otherwise expire with an exercise price per share that is less than the fair market value per share of Common Stock as of such date will automatically and without further action by the participant or the Company be exercised on such date. Payment of the exercise price of any such option and related tax obligations will be “net settled” to the maximum extent permitted by applicable law. This automatic exercise feature does not apply to an option if the participant incurs a termination of employment on or before the date immediately prior to the end of the option’s term.

Restricted Stock and Restricted Stock Units

The Compensation Committee is authorized to grant restricted stock and restricted stock units. Restricted stock is a grant of shares of Common Stock which may not be sold or disposed of, and which will be subject to any risks of forfeiture and other restrictions as the Compensation Committee may impose. An eligible person granted restricted stock generally has all of the rights of a Company stockholder, unless otherwise determined by the Compensation Committee. An award of restricted stock units confers upon the recipient the right to receive shares of Common Stock at the end of a specified restriction period and/or performance period, subject to any risks of forfeiture and other restrictions as the Compensation Committee may impose. Prior to settlement, an award of restricted stock units carries no voting or dividend rights or other rights associated with share ownership, although dividend equivalents may be granted, as discussed below.

Dividend Equivalents

The Compensation Committee is authorized to grant dividend equivalents conferring on recipients the right to receive, on a deferred basis, an amount equal in value to dividends paid on a specific number of shares of Common Stock.

Other Stock-Based Awards

The Compensation Committee is authorized to grant awards that are denominated or payable in, valued by reference to, or otherwise based on or related to shares of Common Stock. The Compensation Committee determines the terms and conditions of those awards.

Performance Awards

The Compensation Committee is authorized to grant performance awards to eligible persons on terms and conditions established by the Compensation Committee. The performance goals to be achieved during any performance period, and the length of the performance period, are determined by the Compensation Committee upon the grant of the performance award; provided that the minimum performance period is one year. Performance awards may be settled by delivery of cash, shares, or any combination, as determined by the Compensation Committee.

For performance awards, the Compensation Committee shall determine the financial or operational performance, stock-performance related or individually-based goals.

Impact of Certain Termination Events on Awards

Specific events that lead to termination of a participant’s employment with the Company or a subsidiary have been added to the Plan and have the following consequences on outstanding awards:

Termination Event	Stock Options *	Service-based Awards *	Performance-based Awards *
<i>Voluntary termination</i>	All vested options remain exercisable for 90 days or, if shorter, the term of the option; unvested options are forfeited	Outstanding awards are forfeited	Outstanding awards are forfeited
<i>Death</i>	Outstanding exercisable options are exercisable for one year after death	Awards that would have vested in one year accelerate and vest on termination of employment	Outstanding awards are forfeited
<i>Disability</i>	Outstanding exercisable options are exercisable for one year after termination of employment or, if shorter, the term of the option	Awards that would have vested in one year accelerate and vest on termination of employment	Awards with end of performance period within one year of termination of employment will continue to be subject to performance goals and be issued, if earned, at the end of the performance period
<i>For Cause</i>	Outstanding awards are forfeited	Outstanding awards are forfeited	Outstanding awards are forfeited

* All of these acceleration events are subject to the requirement that, except for five percent (5%) of the shares available for award under the Equity Plan, the minimum vesting period is six months. If an employment agreement has different terms, the employment agreement will control.

No Repricing

The Plan explicitly prohibits any repricing of outstanding options without stockholder approval.

Clawbacks

The Company shall have the right to recoup or “claw back” any payment made with respect to an Award under the Plan to the extent necessary to comply with applicable federal securities laws.

Other Terms of Awards

Awards may be settled in the form of cash or shares, other awards or a combination in the discretion of the Compensation Committee. Net settlement for the payment of tax obligations or the exercise price, if applicable, is authorized to the extent allowable by law. Awards granted under the Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant’s death, except that the Compensation Committee may, in its discretion, permit transfers for estate planning or other purposes subject to any applicable restrictions under Rule 16b-3. Unless otherwise provided by the Compensation Committee in an award agreement, the vesting schedule or forfeiture period for awards shall be at least six months from the date of grant.

Impact of a Change in Control

In the case of a Change in Control:

- *Awards Not Assumed or Substituted by the Surviving Entity.* Upon the occurrence of a change in control, and except with respect to any awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Compensation Committee or the Board, any outstanding awards shall be dealt with in accordance with any of the following approaches, as determined by the agreement effectuating the transaction or, if and to the extent not so determined, as determined by the Compensation Committee: (i) the continuation of the outstanding awards by the Company, if the Company is a surviving entity, (ii) the assumption or substitution for the outstanding awards by the surviving entity or its parent or subsidiary, (iii) full exercisability or vesting and accelerated expiration of the outstanding Awards, or (iv) settlement of the value of the outstanding awards in cash or cash equivalents or other property followed by cancellation of such awards (which value, in the case of options or stock appreciation rights, shall be measured by the amount, if any, by which the fair market value of a Share exceeds the exercise or grant price of the option or stock appreciation right as of the effective date of the transaction).

- *Awards Assumed or Substituted by Surviving Entity.* With respect to awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a change in control, if within two years after the effective date of the change in control, a participant's employment is terminated without cause or the participant terminates his or her employment for good reason in connection with a change in control, if applicable to the participant, then (i) all of that participant's outstanding awards shall become fully vested and exercisable, (ii) all time-based vesting restrictions on the participant's outstanding awards shall lapse, and (iii) the payout opportunities attainable under all of such participant's outstanding performance awards shall be deemed to have been earned as of the date of such employment termination at the target level, and subject to applicable law, there shall be a pro rata payout to the participant or his or her beneficiary within 30 days following the date of the employment termination based upon the length of time within the performance period that has elapsed prior to the date of the employment termination.

If more specific terms are set forth in any separate plan document or agreement between the Company and any participant, such separate plan or agreement shall govern the treatment of Awards. The Compensation Committee has approved acceleration of vesting or lapse of forfeiture restrictions for the Named Executive Officers on a "double-trigger" basis under their employment agreements, as described on pages 23 to 26 of this proxy statement.

Amendment and Termination

The Board or the committee may amend, alter, suspend, discontinue or terminate the Plan, or the Compensation Committee's authority to grant awards under the Plan, or any award agreement, without the consent of stockholders or participants, except that any such amendment shall be subject to approval of the stockholders of the Company in the manner and to the extent required by applicable law (including applicable stock exchange requirements). In addition, without limiting the foregoing, unless approved by the stockholders of the Company, no such amendment shall be made that would: (i) materially increase the maximum number of Shares for which Awards may be granted under the Plan, other than an increase pursuant to a recapitalization or other event affecting all shares equally; (ii) reduce the minimum exercise price for options granted under the Plan; (iii) reprice any outstanding awards, other than in connection with a change in the Company's capitalization; or (vi) change the class of persons eligible to receive awards under the Plan.

Notwithstanding the foregoing, neither the Board nor the Compensation Committee can materially and adversely affect the rights of a participant without the consent of the affected participant. No amendment, suspension or termination of the Plan shall impair the rights of any participant under an outstanding award, unless agreed to in a writing signed by the participant and the Company. The Compensation Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any award except as otherwise provided in the Plan.

Material U.S. Federal Income Tax Consequences of Awards

The following is a summary of material U.S. federal income tax considerations relating to the Plan. The summary is based on U.S. federal income tax laws and regulations presently in effect, which are subject to change, possibly retroactively. Tax laws are complex and may vary depending on individual circumstances and from locality to locality. This discussion does not purport to be a complete description of the U.S. federal income tax aspects of the Plan and does not address state, local or foreign tax consequences. All participants in the Plan are urged to consult their own tax advisors regarding the U.S. federal, state, local, and foreign income and other tax consequences of participating in the Plan based on the participant's personal circumstances.

Nonqualified Stock Options. Under the Code, the grant of a nonqualified stock option is generally not taxable to the optionee. On exercise of a nonqualified stock option granted under the Plan, an optionee will recognize ordinary income equal to the excess, if any, of the fair market value of the shares acquired over the exercise price. The optionee's tax basis in those shares will be equal to their fair market value on the date of exercise of the option, and the optionee's holding period for those shares will begin on that date. Upon an optionee's sale of shares acquired pursuant to the exercise of a nonqualified stock option, any difference between the sale price and the fair market value of the shares on the date when the stock option was exercised will be treated as long-term or short-term capital gain or loss.

If an optionee pays for shares of stock on exercise of an option by delivering shares of Common Stock, the optionee will not recognize gain or loss on the shares delivered, even if the fair market value of such shares differs from the optionee's tax basis in such shares. The optionee, however, will be taxed on the exercise of the option in the manner described above as if he had paid the exercise price in cash. The tax basis of the shares received upon exercise will be the tax basis of the shares delivered as payment, share for share, to the extent the number of shares received equals the number of shares delivered as payment. In addition, the holding period of the shares received will include the holding period of the shares delivered as payment. The optionee's tax basis and holding period for any shares received in excess of the number of shares delivered by the optionee will be the same as if the optionee had exercised the option solely in exchange for cash.

Upon an optionee's exercise of a nonqualified stock option, the Company or the applicable subsidiary will generally be entitled to a deduction for U.S. federal income tax purposes at such time and in the same amount recognized as ordinary income to the optionee, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in those Sections, and provided that the Company effects withholding with respect to the deemed compensation.

Incentive Stock Options. The Plan provides for the grant of stock options that qualify as incentive stock options ("ISOs") as defined in section 422 of the Code. Under the Code, an optionee generally is not subject to tax upon the grant or exercise of an ISO. In addition, if the optionee holds a share of stock received on exercise of an ISO for at least two years from the date the option was granted and at least one year from the date the option was exercised (the "Required Holding Period"), the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

If, however, an optionee disposes of a share of stock acquired on exercise of an ISO before the end of the Required Holding Period, (a "Disqualifying Disposition") the optionee generally will recognize ordinary income in the year of the Disqualifying Disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised (or, if less, the amount realized on such Disqualifying Disposition) over the exercise price. If the amount realized on a Disqualifying Disposition exceeds the fair market value of the share on the date of exercise of the option, the excess gain recognized will be short-term or long-term capital gain, depending upon the length of time the shares have been held after the date of exercise.

If an optionee exercises an ISO by delivering shares of stock acquired by an earlier exercise of an ISO, and the previously acquired shares have not been held for the Required Holding Period, the optionee will recognize ordinary income on the Disqualifying Disposition.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that option generally will be an adjustment included in the optionee's alternative minimum taxable income for the year in which the option is exercised. If, however, there is a Disqualifying Disposition of the share in the year in which the option is exercised, there will be no adjustment with respect to that share. If there is a Disqualifying Disposition in a later year, no income with respect to the Disqualifying Disposition is included in the optionee's alternative minimum taxable income for that year.

The Company is not entitled to take a deduction for U.S. federal income tax purposes with respect to the grant or exercise of an incentive stock option or the disposition of a share acquired on exercise of an incentive stock option after the Required Holding Period. However, if there is a Disqualifying Disposition of a share, the Company is entitled to a deduction in an amount equal to the ordinary income includible in income by the optionee, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in that Section, and provided that the Company effects withholding with respect to the deemed compensation.

Stock Appreciation Rights. The Company may grant stock appreciation rights ("SARs") separate from any other award or in tandem with options under the Plan. Generally, the recipient of an SAR will not recognize any taxable income at the time the SAR is granted. When the SAR is exercised, the recipient receives the appreciation inherent in the SARs in cash and such cash will be taxable as ordinary compensation income to the recipient at the time that the cash is received. If the recipient receives the appreciation inherent in the SARs in shares of stock, the recipient will recognize ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the recipient for the stock. The Company will be entitled to a deduction for U.S. federal income tax purposes in an amount equal to the amount recognized by the recipient as ordinary income, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in those Sections, and provided that the Company effects withholding with respect to the deemed compensation.

SARs may be issued in tandem with a stock option. Under this type of arrangement, the exercise of a SAR will result in the cancellation of an option, and the exercise of an option will result in a cancellation of a SAR. If the recipient of a tandem SAR elects to surrender the underlying option in exchange for cash or shares of stock equal to the appreciation inherent in the underlying option, the tax consequences to the recipient will be the same as discussed above relating to the SARs. If the recipient elects to exercise the underlying option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option, as previously discussed above. As a result, the recipient will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares of stock over the exercise price.

Restricted Stock. Generally, the recipient of a stock award will recognize ordinary compensation income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received under the Plan (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file a "section 83(b) election" with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary compensation income at the time the shares are awarded in an amount equal to their fair market value at that time, notwithstanding that such share are not vested and may be subsequently forfeited. If a recipient makes such an election, the recipient will not recognize any additional taxable income at the time the shares become vested, but if the shares are later forfeited, the recipient will not be allowed a tax deduction for the forfeited shares.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested. Upon the disposition of any stock received as a stock award under the Plan, the difference between the sales price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year from the date as of which he or she would be required to recognize any compensation income.

The Company will be entitled to a deduction for U.S. federal income tax purposes equal to the amount of ordinary income taxable to the recipient, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in that Section, and provided that the Company effects withholding with respect to the deemed compensation.

Restricted Stock Units. A participant normally will not realize taxable income upon the award of RSUs. A participant will be subject to tax on the earlier of the year in which the participant receives the underlying shares of Common Stock or the year in which the award is no longer subject to a substantial risk of forfeiture. In that year, the participant will recognize income equal to the fair market value of the shares of the Company's Common Stock received, or no longer subject to a substantial risk of forfeiture, and the Company will be entitled to a deduction in the same amount, provided that such amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the employee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount.

Performance-based Awards. A participant who has been granted a performance-based award generally will not recognize taxable income at the time of grant, and the Company will not be entitled to a deduction for U.S. federal income tax purposes at that time. When an award is paid, whether in cash or shares of Common Stock, the participant generally will recognize ordinary income, and the Company will be entitled to a corresponding deduction, provided that such amount constitutes an ordinary and necessary business expense for the Company and is reasonable in amount, and either the employee includes that amount in income or the Company timely satisfies its reporting requirements with respect to that amount. The participant's tax basis in any shares acquired pursuant to a performance-based award is the amount recognized by him or her as income attributable to such shares. Upon a subsequent disposition of the shares, the participant will generally realize a capital gain or loss, as applicable.

Other Stock Awards. The U.S. federal income tax consequences of any other stock awards will depend upon the specific facts and circumstances of each award, including, in particular, the nature of any restrictions imposed with respect to the awards.

Dividend Equivalents. Generally, the recipient of a dividend equivalent award will recognize ordinary compensation income at the time the dividend equivalent award is received equal to the fair market value of the amount received. The company generally will be entitled to a deduction for U.S. federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the dividend equivalent award, subject to the possible limitations on deductibility under Section 280G of the Code for compensation paid to executives designated in those Sections, and provided that the Company effects withholding with respect to the deemed compensation.

Tax Withholding. Ordinary income recognized in connection with the receipt or exercise of an award under the Equity Plan is subject to income and employment tax wage withholding, unless the participant is not an employee of the Company, or any subsidiary or affiliate. The Company, or any subsidiary or affiliate, may deduct from all payments made under the Equity Plan, an amount (which may include shares of Common Stock) to satisfy any federal, state, local or foreign withholding obligations with respect to any award.

Section 409A. Section 409A of the Code governs the taxation of deferred compensation. Awards received under the Plan are intended to be exempt from the requirements of Section 409A where possible. However, there can be no assurance that awards designed to be exempt from Section 409A will in fact be exempt. An award that is subject to Section 409A and fails to satisfy its requirements will subject the holder of the award to immediate taxation, an interest penalty and an additional 20% tax on the amount underlying the award.

Section 280G. Under certain circumstances, the accelerated vesting or exercise of options or the accelerated lapse of restrictions on stock awards in connection with a change in control could be deemed an “excess parachute payment” for purposes of the parachute tax provisions of Section 280G of the Code. In that event, the grantee could be subject to a 20% excise tax and the Company or applicable subsidiary could be denied a tax deduction with respect to a portion of the grants.

Vote required and recommendation

Proposal Two requires the affirmative vote of a majority of the shares present at the Annual Meeting or by proxy and entitled to vote.

The Board of Directors recommends that stockholders vote “For” the proposal to amend and restate the Plan. Unless otherwise specified, the proxy will be voted “For” approval of Proposal Two.

PROPOSAL THREE – ADVISORY VOTE ON EXECUTIVE COMPENSATION (SAY ON PAY)

In July 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) was enacted. Under the Dodd-Frank Act, the Company is providing the stockholders a vote to approve, on an advisory (nonbinding) basis, the compensation paid to our Named Executive Officers in 2020 as disclosed in this proxy statement in accordance with the SEC’s rules.

This proposal, commonly known as a “say-on-pay” proposal, gives the stockholders the opportunity to express their views on our Named Executive Officers’ compensation. This vote is not intended to address any specific element of our executive compensation programs, but rather to address our overall approach to the compensation of our Named Executive Officers as described in this proxy statement. The Board is asking the stockholders to indicate their support for our executive compensation program, as described in this proxy statement, by voting “For” the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Named Executive Officers for 2020, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table and the other compensation tables and disclosure.

Advisory Nature of the Vote

Because this vote is advisory, it will not be binding upon the Company, the Compensation Committee or the Board. However, the Compensation Committee and the Board value the opinions of the stockholders and, to the extent there is any significant vote against the Company’s compensation practices for the Named Executive Officers as disclosed in this proxy statement, the Board will consider this stockholders’ vote and the Compensation Committee will evaluate whether any actions are necessary to address the stockholders’ concerns when considering future executive compensation arrangements.

Vote required and recommendation

Proposal Three requires the affirmative vote of a majority of the shares present at the Annual Meeting or by proxy and entitled to vote.

The Board of Directors recommends that stockholders vote “For” the proposal on an advisory basis. Unless otherwise specified, the proxy will be voted “For” approval of Proposal Three.

PROPOSAL FOUR - ADVISORY VOTE ON THE FREQUENCY OF SAY ON PAY

The Dodd-Frank Act also requires us to provide the stockholders with an advisory vote on how frequently in the future the Company should seek an advisory vote approving the compensation of our Named Executive Officers, as disclosed pursuant to the SEC’s compensation disclosure rules. In voting on this Proposal Four, stockholders may indicate whether they would prefer an advisory vote on Named Executive Officers’ compensation once every one, two, or three years. If desired, a stockholder may abstain from voting on Proposal Four as set forth in the proxy card.

The Board has considered the Dodd-Frank Act requirements for such “say-on-pay frequency” vote and has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for the Company. The appropriate frequency of an advisory vote on executive compensation is the subject of diverging opinions and views, and the Board believes there is reasonable basis for each of the three options. Less frequency would encourage a more long-term, rather than short-term, analysis of our executive compensation programs and would avoid the burden that annual votes would impose on stockholders required to evaluate the executive compensation program each year. On the other hand, greater frequency provides stockholders the opportunity to react promptly to emerging trends in compensation and gives the Board and the Compensation Committee the opportunity to evaluate the compensation program each year in light of timely input from stockholders.

Advisory Nature of the Vote

Because this vote is advisory, it will not be binding upon the Company, the Compensation Committee or the Board. However, the Compensation Committee and the Board values the opinions of the stockholders and will consider the outcome of the vote when determining the frequency of future advisory votes on executive compensation.

Vote required and recommendation

The alternative of “One Year,” “Two Years” or “Three Years” that receives the affirmative vote of the majority of shares present in person or by proxy and entitled to vote will be deemed the choice of the stockholders. If no one frequency selection alternative receives such majority vote, the alternative receiving the most votes will be deemed the choice of the stockholders.

The Board of Directors recommends that stockholders vote for “One Year” in Proposal Four. Unless otherwise specified, the enclosed proxy will be voted for “One Year.”

PROPOSAL FIVE – RATIFICATION OF INDEPENDENT ACCOUNTING FIRM**Independent Registered Public Accounting Firm**

On April 19, 2021, 2021, the Board unanimously approved the Audit Committee’s recommendation to appoint BDO USA, LLP (“BDO”) as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2021, and directed that the selection of BDO be submitted to the stockholders for ratification at the Annual Meeting. Although the Company is not required to submit the selection of independent registered public accountants for stockholder approval, if the stockholders do not ratify this selection, the Board may reconsider its selection of BDO. The Board considers BDO to be well qualified to serve as the independent auditors for the Company; however, even if the selection is ratified, the Board may direct the appointment of a different independent registered public accounting firm at any time during the current or subsequent fiscal year if the Audit Committee and Board determine that the change would be in the Company’s best interests.

Audit Fees

BDO has served as the independent registered public accounting firm of the Company since 2013. The following table sets forth the fees billed to the Company by BDO for audits of the Company’s consolidated annual financial statements and other services for the years ended December 31, 2020 and 2019.

	2020	2019
Audit Fees	\$ 439,574	\$ 516,645
Audit Related Fees	\$ —	\$ —
Tax Fees	\$ —	\$ —
All Other Fees	\$ —	\$ —
Total Fees	\$ 439,574	\$ 516,645

Audit Fees. This category includes fees billed by BDO in 2020 and 2019 for professional services for the audit of our annual financial statements, review of financial statements included in our quarterly reports on Form 10-Q, and services that are normally provided by the independent auditor in connection with statutory and regulatory filings or engagements for the relevant fiscal years.

Audit-Related Fees. This category includes fees billed in the fiscal years shown for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under the category “Audit Fees.”

Tax Fees. This category includes fees billed in the fiscal years shown for professional services for tax compliance, tax advice, and tax planning.

All Other Fees. This category includes fees billed in the fiscal years shown for products and services provided by the principal accountant that are not reported in any other category.

Pre-Approval Policies and Procedures

Our Audit Committee has a policy in place that requires its review and pre-approval of all audit and permissible non-audit services provided by our independent auditors. The services requiring pre-approval by the audit committee may include audit services, audit-related services, tax services and other services. The pre-approval requirement is waived with respect to the provision of non-audit services if (i) the aggregate amount of all such non-audit services provided to us constitutes not more than 5% of the total amount of revenues paid by us to our independent auditors during the fiscal year in which such non-audit services were provided, (ii) such services were not recognized at the time of the engagement to be non-audit services, and (iii) such services are promptly brought to the attention of the Audit Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Audit Committee. All audit-related services, tax services and all other services provided by BDO are pre-approved by the Audit Committee. The Audit Committee has considered and determined that the provision of all non-audit services set forth in the table above is compatible with maintaining BDO’s independence.

Attendance at Annual Meeting

Representatives of BDO intend to be present at the Annual Meeting and will be available to respond to questions.

Vote required and recommendation

The ratification of the appointment of BDO as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2021 requires the affirmative vote of a majority of the votes cast by the holders of Common Stock entitled to vote.

The Board of Directors recommends that stockholders vote "For" the ratification of BDO USA, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2021. Unless otherwise specified, the proxy will be voted "For" approval of Proposal Five.

(b) **Effect of Committee's Decisions.** All decisions, determinations and interpretations by the Committee regarding the Plan, any rules and regulations under the Plan and the terms and conditions of any Award granted hereunder, shall be final and binding on all Participants. 4. **Shares Subject to Plan.**

(a) **Aggregate Limits.** Subject to adjustment as provided in Section 10(c) hereof, the total number of Shares reserved and available for delivery under the Plan shall be 32,072,307. Any Shares subject to Awards that are cancelled, expire or are forfeited without the issuance of any Shares shall be available for re-grant under the Plan. Notwithstanding anything to the contrary contained herein, Shares subject to an Award under the Plan shall not again be made available for issuance or delivery under the Plan if such Shares are (i) Shares tendered or withheld in payment of the Option exercise price, or (ii) Shares delivered to or withheld by the Company to satisfy any tax withholding obligation authorized by the Committee. Shares issued in payment of any Award may either be authorized and unissued Shares or treasury Shares. Any cash tendered to pay any exercise price or to meet tax withholding obligations will not be used by the Company to purchase additional Shares on the open market for use under this Plan. Notwithstanding anything in this Section 4 to the contrary but subject to adjustment as provided in Section 10(c) hereof, the maximum aggregate number of Shares that may be issued under the Plan as a result of the exercise of the Incentive Stock Options shall be 32,072,307 Shares.

(b) **Award Vesting Limitations.** Notwithstanding anything to the contrary in this Plan, but subject to Section 9 of the Plan, Awards granted under the Plan shall vest no earlier than the six-month anniversary of the applicable date of grant; provided, however, that notwithstanding the foregoing, but subject to Section 9(b), Awards that result in the issuance of up to five percent (5%) of the Shares available pursuant to Section 4(a) may be granted to any one or more Participants without respect to such minimum vesting provisions.

5. **Limitation on Awards to Non-Employee Directors.** Awards granted under the Plan during any calendar year to any non-employee Director shall not exceed \$250,000 in value, except that in connection with his or her initial appointment to the Board, such non-employee Director may be granted an Award or Awards with a value of up to \$500,000.

6. Specific Terms of Awards.

(a) **General.** Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 10(e)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of the Participant's Continuous Service and terms permitting a Participant to make elections relating to his or her Award. The Committee shall retain full power and discretion to accelerate, waive or modify, at any time, any term or condition of an Award that is not mandatory under the Plan. Except in cases in which the Committee is authorized to require other forms of consideration under the Plan, or to the extent other forms of consideration must be paid to satisfy the requirements of Delaware law, no consideration other than services may be required for the grant (as opposed to the exercise) of any Award.

(b) **Options.** The Committee is authorized to grant Options to any Eligible Person on the following terms and conditions:

(i) **Exercise Price.** The exercise price per Share purchasable under an Option shall not be less than 100% of the Fair Market Value of a Share on the date of grant of the Option and shall not, in any event, be less than the par value of a Share on the date of grant of the Option. If an Employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company (or any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) and an Incentive Stock Option is granted to such Employee, the exercise price of such Incentive Stock Option (to the extent required by the Code at the time of grant) shall be no less than 110% of the Fair Market Value of a Share on the date such Incentive Stock Option is granted.

(ii) **Vesting Period, Performance Goals and Time and Method of Exercise.** Options granted under the Plan shall vest and be exercisable at such time, subject to achievement of designated Performance Goals, if any, and/or in such installments during the period prior to the expiration of the Option's term as determined by the Committee and set forth in the Award Agreement. The minimum vesting schedule for Options shall be six months after the date of grant. The Committee shall determine the methods by which the exercise price may be paid or deemed to be paid (including in the discretion of the Committee a cashless exercise procedure), the form of such payment, including, without limitation, cash, Shares (including without limitation the withholding of Shares otherwise deliverable pursuant to the Award), other Awards or awards granted under other plans of the Company or a Subsidiary, and the methods by or forms in which Shares will be delivered to Participants.

(iii) **Incentive Stock Options.** The terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options (including any Stock Appreciation Right issued in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify either the Plan or any Incentive Stock Option under Section 422 of the Code, unless the Participant has first requested, or consents to, the change that will result in such disqualification. Thus, if and to the extent required to comply with Section 422 of the Code, Options granted as Incentive Stock Options shall be subject to the following special terms and conditions:

(1) the Option shall not be exercisable for more than ten years after the date such Incentive Stock Option is granted; provided, however, that if a Participant owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company (or any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) and the Incentive Stock Option is granted to such Participant, the term of the Incentive Stock Option shall be (to the extent required by the Code at the time of the grant) for no more than five years after the date of grant; and

(2) the aggregate Fair Market Value (determined as of the date the Incentive Stock Option is granted) of the Shares with respect to which Incentive Stock Options granted under the Plan and all other option plans of the Company (and any parent corporation or subsidiary corporation of the Company, as those terms are defined in Sections 424(e) and (f) of the Code, respectively) that become exercisable for the first time by the Participant during any calendar year shall not (to the extent required by the Code at the time of the grant) exceed \$100,000.

(iv) **No Option Repricings.** Other than in connection with a change in the Company's capitalization (as described in Section 10(c)), the exercise price of an Option may not be Repriced without stockholder approval.

(v) **Expiration of Option Term: Automatic Exercise of In-The-Money Options.** Unless otherwise determined by the Committee (in an Award Agreement or otherwise) or as otherwise directed in writing to the Company by a Participant holding an Option, each Option outstanding on the Automatic Exercise Date with an exercise price per share that is less than the Fair Market Value per share of Common Stock as of such date shall automatically and without further action by the Participant or the Company be exercised on the Automatic Exercise Date. Payment of the exercise price of any such Option and related tax obligations shall be "net settled" to the maximum extent permitted by applicable law. Unless otherwise determined by the Committee, this Section 6(b)(v) shall not apply to an Option if the Participant incurs a Termination of Employment on or before the Automatic Exercise Date.

(c) **Stock Appreciation Rights.** The Committee may grant Stock Appreciation Rights to any Eligible Person in conjunction with all or part of any Option granted under the Plan or at any subsequent time during the term of such Option (a "Tandem Stock Appreciation Right"), or without regard to any Option (a "Freestanding Stock Appreciation Right"), in each case upon such terms and conditions as the Committee may establish in its sole discretion, not inconsistent with the provisions of the Plan, including the following:

(i) **Right to Payment.** A Stock Appreciation Right shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one Share on the date of exercise over (B) for Tandem Stock Appreciation Rights, the exercise price per share of the related Option and for Freestanding Stock Appreciation Rights, the Fair Market Value per share on the date of grant.

(ii) **Other Terms.** The Committee shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which a Stock Appreciation Right may be exercised in whole or in part (including based on achievement of Performance Goals and/or future service requirements), the time or times at which Stock Appreciation Rights shall cease to be or become exercisable following termination of Continuous Service or upon other conditions, the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Shares will be delivered or deemed to be delivered to Participants, whether or not a Stock Appreciation Right shall be in tandem or in combination with any other Award, and any other terms and conditions of any Stock Appreciation Right.

(iii) **Tandem Stock Appreciation Rights.** Any Tandem Stock Appreciation Right may be granted at the same time as the related Option is granted or, for Options that are not Incentive Stock Options, at any time thereafter before exercise or expiration of such Option. Any Tandem Stock Appreciation Right related to an Option may be exercised only when the related Option would be exercisable and the Fair Market Value of the Shares subject to the related Option exceeds the exercise price at which Shares can be acquired pursuant to the Option. In addition, if a Tandem Stock Appreciation Right exists with respect to less than the full number of Shares covered by a related Option, then an exercise or termination of such Option shall not reduce the number of Shares to which the Tandem Stock Appreciation Right applies until the number of Shares then exercisable under such Option equals the number of Shares to which the Tandem Stock Appreciation Right applies. Any Option related to a Tandem Stock Appreciation Right shall no longer be exercisable to the extent the Tandem Stock Appreciation Right has been exercised, and any Tandem Stock Appreciation Right shall no longer be exercisable to the extent the related Option has been exercised.

(d) **Restricted Stock Awards.** The Committee is authorized to grant Restricted Stock Awards to any Eligible Person on the following terms and conditions:

(i) **Grant and Restrictions.** Restricted Stock Awards shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, or as otherwise provided in this Plan, covering a period of time specified by the Committee (the "**Restriction Period**"). The minimum Restriction Period is six months after the date of grant. The terms of any Restricted Stock Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of Performance Goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. Except to the extent restricted under the terms of the Plan and any Award Agreement relating to a Restricted Stock Award, a Participant granted Restricted Stock shall have all of the rights of a stockholder, including the right to vote the Restricted Stock and the right to receive dividends thereon (subject to any mandatory reinvestment or other requirement imposed by the Committee). During the Restriction Period, subject to Section 10(b) below, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) **Forfeiture.** Upon termination of a Participant's Continuous Service during the applicable Restriction Period, the Participant's Restricted Stock that is at that time subject to a risk of forfeiture that has not lapsed or otherwise been satisfied shall be forfeited and reacquired by the Company.

(iii) **Certificates for Stock.** Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

(iv) **Dividends.** Dividends that are declared and paid on the outstanding shares of Common Stock during any period for which forfeiture restrictions apply to a Restricted Stock Award shall not be paid at the time dividends are paid to stockholders, but shall be accrued, without interest, and paid out when such forfeiture restrictions lapse; provided, that any accrued dividends are forfeited to the extent the underlying Shares under the Award are forfeited.

(e) **Restricted Stock Unit Award.** The terms and conditions of a grant of a RSU Award shall be reflected in an Award Agreement. RSUs shall be earned, and forfeiture restrictions shall lapse, at such time, in such installments, and/or subject to such Performance Goal(s) and with such Performance Period as determined by the Committee or, if applicable, a delegate of the Committee. No Shares shall be issued at the time a RSU Award is granted, and the Company will not be required to set aside a fund for the payment of any such RSU Award. A Participant shall have no voting or dividend rights with respect to any RSUs granted hereunder until the Shares, if any, underlying the RSU Award are earned and issued.

(i) **Restrictions.** A RSU Award shall be subject to (A) forfeiture until the expiration of the Restricted Period by the Committee, and/or satisfaction of any applicable Performance Goals as established under Section 6(g) during a designated Performance Period, to the extent provided in the applicable Award Agreement, and to the extent such RSUs are forfeited, all rights of the Participant to such RSUs shall terminate without further obligation on the part of the Company, and (B) such other terms and conditions as may be set forth in the applicable Award Agreement. The minimum Restriction Period or Performance Period for RSU Awards shall be six months after the date of grant.

(ii) **Settlement of Restricted Stock Units.** Upon the expiration of the Restriction Period, and/or satisfaction of the applicable Performance Goals for the Performance Period, the Company shall deliver to the Participant, or his or her Beneficiary, without charge, one Share for each such outstanding RSU for which forfeiture restrictions have lapsed, or which has been earned; provided, however, that, if explicitly provided in the applicable Award Agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part Shares in lieu of delivering only Shares for such RSUs. If a cash payment is made in lieu of delivering Shares, the amount of such payment shall be equal to the Fair Market Value of the Shares as of the date on which the Restriction Period lapsed, or, if applicable, the date on which the Committee or, if applicable, a delegate of the Committee, determines that the applicable Performance Goals have been met.

(iii) **Dividend Equivalents.** Unless set forth in an Award Agreement, no Dividend Equivalents will be paid on any RSU Award. Dividend Equivalents, if added in an Award Agreement, shall only be paid to the extent the RSU Award is earned and paid.

(f) **Other Stock-Based Awards.** The Committee is authorized, subject to limitations under applicable law, to grant to any Eligible Person such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Shares, as deemed by the Committee to be consistent with the purposes of the Plan. Other Stock-Based Awards may be granted to Participants either alone or in addition to other Awards granted under the Plan, and such Other Stock-Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan. The Committee shall determine the terms and conditions of such Awards.

(g) **Performance Awards.** The Committee is authorized to grant Performance Awards to any Eligible Person payable in cash, Shares, other Awards or a combination, on terms and conditions established by the Committee, if and to the extent that the Committee shall, in its sole discretion, determine that an Award shall be subject to those provisions. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award; provided, however, the minimum Performance Period shall be one year. Except as provided in Section 9, Performance Awards will be distributed only after the end of the relevant Performance Period.

The Committee will establish, in writing, the Performance Goals and the Performance Period for each applicable Performance Award; provided, however, that where the determination of the Performance Goals and Performance Period for any Award for which the Committee has delegated authority under Section 3, the authority to establish Performance Goals and a Performance Period is also delegated. Such Performance Goals may vary by Participant and by Award. The Committee, in its discretion, may adjust or modify the calculation of Performance Goals to prevent dilution or enlargement of the rights of Participants. The amount of the Performance Award earned shall be conclusively determined by the Committee or, if applicable, its delegate. Performance Awards may be paid in a lump sum or in installments following the close of the Performance Period.

7. Certain Provisions Applicable to Awards.

(a) **Term of Awards.** The term of each Award shall be for such period as may be determined by the Committee; provided that in no event shall the term of any Option or Stock Appreciation Right exceed a period of ten years (or in the case of an Incentive Stock Option such shorter term as may be required under Section 422 of the Code).

(b) **Form and Timing of Payment Under Awards.** Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a Subsidiary upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including, without limitation, cash, Shares or other Awards.

(c) **Exemptions from Section 16(b) Liability.** It is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to Section 16 of the Exchange Act shall be exempt from Section 16 pursuant to an applicable exemption (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award Agreement does not comply with the requirements of Rule 16b-3 then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under Section 16(b).

(d) **Code Section 409A.** Shares shall not be issued pursuant to the exercise of an Award unless the issuance and delivery of such Shares shall comply with applicable laws and shall be further subject to the approval of counsel for the Company with respect to such compliance. Without limiting the foregoing, the Plan is intended to comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, the Committee shall make a good faith effort to interpret and administer the Plan in compliance therewith. Any payments described in the Plan that are due within the "short-term deferral period" as defined in Section 409A of the Code shall not be treated as deferred compensation unless applicable laws require otherwise. For purposes of Section 409A of the Code, each installment payment provided under this Plan shall be treated as a separate payment. Notwithstanding anything to the contrary in the Plan, to the extent required to avoid accelerated taxation and tax penalties under Section 409A of the Code, (a) amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan during the six (6) month period immediately following the Participant's termination of Continuous Service shall instead be paid on the first payroll date after the six-month anniversary of the Participant's separation from service (or the Participant's death, if earlier), and (b) amounts payable upon the termination of a Participant's Continuous Service shall only be payable if such termination constitutes a "separation from service" within the meaning of Section 409A of the Code. Notwithstanding the foregoing, neither the Company, any Subsidiary nor the Committee shall have any obligation to take any action to prevent the assessment of any excise tax or penalty on any Participant under Section 409A of the Code and neither the Company nor the Committee will have any liability to any Participant for such tax or penalty.

(e) **Clawbacks.** The Company shall have the right to recoup or “claw back” any payment made with respect to an Award under the Plan to the extent necessary to comply with applicable federal securities laws or the provisions of any applicable clawback policy of the Company.

8. Impact of Termination of Employment Events. The following Termination of Employment events shall have the following consequences for outstanding Awards; provided, however, the limitation set forth in Section 4(b) shall apply.

(a) **General Rule.** Except as otherwise set forth in this Section 8, upon a Termination of Employment, unless an employment or other agreement with the Participant provides for different consequences:

(i) **Options.** All outstanding vested and exercisable Options granted to such Participant shall remain exercisable for 90 days after Termination of Employment; provided, that the Option will expire at the expiration of the stated term if earlier.

(ii) **Other Awards.** All outstanding and unvested Awards other than Options shall be forfeited.

(b) **For Cause.** In the event of a Termination of Employment for Cause, all outstanding Awards, whether vested or not, shall be forfeited.

(c) **Disability of a Participant.**

(i) **Options.** Upon a Participant’s Termination of Employment as a result of the Participant’s Disability, all outstanding vested and exercisable Options granted to such Participant shall remain exercisable for one year after Termination of Employment as a result of a Disability; provided, that the Option will expire at the expiration of the stated term if earlier.

(ii) **Other Awards.** If a Participant’s Termination of Employment is due to the Participant’s Disability:

(1) all outstanding and unvested Awards not described in subsection (c)(ii)(2) that would have vested prior to the first anniversary of the date of Termination of Employment will accelerate, all forfeiture restrictions will lapse, and the Shares will be issued within thirty (30) days after the date of Termination of Employment; and

(2) all outstanding Awards that are conditioned upon achievement of one or more Performance Goals and granted to such Participant with a Performance Period ending prior to the first anniversary of the Date of Termination shall continue to be subject to the applicable Performance Goals and paid out, if earned and vested, after the end of the Performance Period when it is determined whether the Award is earned, but in no event later than March 15 in the year following the end of the Performance Period.

(d) **Death of Participant.**

(i) **Options.** Upon a Participant's Termination of Employment as a result of the Participant's death, all outstanding vested and exercisable Options granted to such Participant shall remain exercisable for one year after Termination of Employment as a result of a death; provided, that the Option will expire at the expiration of the stated term if earlier. If an Option is held by the Participant when he or she dies, the Option may be exercised by the Beneficiary designated by the Participant, the executor or administrator of the Participant's estate or, if none, by the person(s) entitled to exercise the Option under the Participant's will or the laws of descent or distribution.

(ii) **Other Awards.**

(1) all outstanding and unvested Awards not described in subsection (d)(ii)(2) that would have vested prior to the first anniversary of the date of Termination of Employment will accelerate, all forfeiture restrictions will lapse, and the Shares will be issued within thirty (30) days after the date of Termination of Employment; and

(2) all outstanding Awards that are conditioned upon achievement of one or more Performance Goals and granted to such Participant with a Performance Period ending prior to the first anniversary of the Date of Termination shall continue to be subject to the applicable Performance Goals and paid out, if earned and vested, after the end of the Performance Period when it is determined whether the Award is earned, but in no event later than March 15 in the year following the end of the Performance Period.

9. Dissolution or Liquidation; Change in Control.

(a) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, other than a dissolution or liquidation that is defined as a Change of Control, the Committee shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Committee in its discretion may provide for an Option to be fully vested and exercisable until ten days prior to such transaction. In addition, the Committee may provide that any restrictions on any Award shall lapse prior to the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed transaction.

(b) **Change in Control.** The provisions of this Section 9(b) shall apply in the case of a Change in Control. If more specific terms are set forth in any separate plan document or agreement between the Company and any Participant, such separate plan or agreement shall govern the treatment of Awards.

(i) **Awards Not Assumed or Substituted by the Surviving Entity.** Upon the occurrence of a Change in Control, and except with respect to any Awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with the Change in Control in a manner approved by the Committee or the Board, any outstanding Awards shall be dealt with in accordance with any of the following approaches, as determined by the agreement effectuating the transaction or, if and to the extent not so determined, as determined by the Committee: (A) the continuation of the outstanding Awards by the Company, if the Company is a surviving entity, (B) the assumption or substitution for the outstanding Awards by the surviving entity or its parent or subsidiary, (C) full exercisability or vesting and accelerated expiration of the outstanding Awards, or (D) settlement of the value of the outstanding Awards in cash or cash equivalents or other property followed by cancellation of such Awards (which value, in the case of Options or Stock Appreciation Rights, shall be measured by the amount, if any, by which the Fair Market Value of a Share exceeds the exercise or grant price of the Option or Stock Appreciation Right as of the effective date of the transaction). The Committee shall give written notice of any proposed transaction referred to in this Section 9(b)(i) a reasonable period of time prior to the closing date for such transaction (which notice may be given either before or after the approval of such transaction), in order that Participants may have a reasonable period of time prior to the closing date of such transaction within which to exercise any Awards that are then exercisable (including any Awards that may become exercisable upon the closing date of such transaction). A Participant may condition his or her exercise of any Awards upon the consummation of the transaction. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be non-statutory Options.

(ii) **Awards Assumed or Substituted by Surviving Entity.** With respect to Awards assumed by the surviving entity or otherwise equitably converted or substituted in connection with a Change in Control, if within two years after the effective date of the Change in Control, a Participant's employment is terminated without Cause or the Participant terminates his or her employment for Good Reason in connection with a Change in Control, if applicable, then (A) all of that Participant's outstanding Awards shall become fully vested and exercisable, (B) all time-based vesting restrictions on the Participant's outstanding Awards shall lapse, and (C) the payout opportunities attainable under all of such Participant's outstanding Performance Awards shall be deemed to have been earned as of the date of such employment termination at the target level, and (subject to Section 9(b)(iv) and Section 10(a)) there shall be a pro rata payout to the Participant or his or her Beneficiary within 30 days following the date of the employment termination (unless a later date is required by Section 10(a) hereof) based upon the length of time within the Performance Period that has elapsed prior to the date of the employment termination; provided, however, if a severance plan or agreement or employment agreement in place at the time of the Change in Control provides for additional acceleration, the terms of such severance plan or agreement or employment agreement shall control. To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be non-statutory Options.

(iii) **Equitable Adjustments.** The Committee, in its sole discretion, may include such further provisions and limitations in any Award Agreement or certificate, as it may deem equitable and in the best interests of the Company that are not inconsistent with the provisions of the Plan.

(iv) **Code Section 409A.** No action shall be taken under this Section 9(b) which shall cause an Award to fail to be exempt from or comply with Code Section 409A.

(v) **Consent.** Notwithstanding any other provision of the Plan or any Award Agreement, the provisions of this Section 9(b) may not be terminated, amended, or modified upon or after a Change of Control in a manner that would adversely affect a Participant's rights with respect to an outstanding Award without the prior written consent of the Participant.

(c) **Definition of Change in Control.** A “Change in Control” means the occurrence of any of the following:

(i) Any Person becomes the Beneficial Owner of 50% or more of either (A) the then-outstanding shares of common stock of the Company (the “Outstanding Company Common Stock”) or (B) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities”); provided, however, that, for purposes of this definition, the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company, (ii) any acquisition by the Company, (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary or Affiliate or (iv) any acquisition pursuant to a transaction that complies with (iii)(A), (iii)(B) and (iii)(C) of this definition;

(ii) Individuals who, as of the date hereof, constitute the Board of Directors (the “**Incumbent Board**”) cease for any reason to constitute at least a majority of the Board of Directors; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by the Company's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs in connection with or as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board of Directors;

(iii) Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a “**Business Combination**”), in each case unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock (or, for a non-corporate entity, equivalent securities) and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors (or, for a non-corporate entity, equivalent governing body), as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity that, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (B) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 50% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors (or, for a non-corporate entity, equivalent governing body) of the entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board of Directors providing for such Business Combination; or

(iv) Approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

10. General Provisions.

(a) **Compliance With Legal and Other Requirements.** The Company may, to the extent deemed necessary or advisable by the Committee, postpone the issuance or delivery of Shares or payment of other benefits under any Award until completion of such registration or qualification of such Shares or other required action under any federal or state law, rule or regulation, listing or other required action with respect to any stock exchange or automated quotation system upon which the Shares or other Company securities are listed or quoted, or compliance with any other obligation of the Company, as the Committee, may consider appropriate, and may require any Participant to make such representations, furnish such information and comply with or be subject to such other conditions as it may consider appropriate in connection with the issuance or delivery of Shares or payment of other benefits in compliance with applicable laws, rules, and regulations, listing requirements, or other obligations.

(b) **Limits on Transferability; Beneficiaries.** No Award or other right or interest granted under the Plan shall be pledged, hypothecated or otherwise encumbered or subject to any lien, obligation or liability of such Participant to any party, or assigned or transferred by such Participant otherwise than by will or the laws of descent and distribution or to a Beneficiary upon the death of a Participant, and such Awards or rights that may be exercisable shall be exercised during the lifetime of the Participant only by the Participant or his or her guardian or legal representative, except that Awards and other rights (other than Incentive Stock Options and Stock Appreciation Rights in tandem therewith) may be transferred to one or more Beneficiaries or other transferees during the lifetime of the Participant, and may be exercised by such transferees in accordance with the terms of such Award, but only if and to the extent such transfers are permitted by the Committee pursuant to the express terms of an Award Agreement (subject to any terms and conditions which the Committee may impose thereon). A Beneficiary, transferee, or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement applicable to such Participant, except as otherwise determined by the Committee, and to any additional terms and conditions deemed necessary or appropriate by the Committee.

(c) **Adjustments.**

(i) **Adjustments to Awards.** In the event that any extraordinary dividend or other distribution (whether in the form of cash, Shares, or other property), recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, liquidation, dissolution or other similar corporate transaction or event affects the Shares and/or such other securities of the Company or any other issuer such that a substitution, exchange, or adjustment is determined by the Committee to be appropriate, then the Committee shall, in such manner as it may deem equitable, substitute, exchange or adjust any or all of (A) the number and kind of Shares which may be delivered in connection with Awards granted thereafter, (B) the number and kind of Shares by which per-Director Award limitations are measured under Section 5 hereof, (C) the number and kind of Shares subject to or deliverable in respect of outstanding Awards, (D) the exercise price, grant price or purchase price relating to any Award and/or make provision for payment of cash or other property in respect of any outstanding Award, and (E) any other aspect of any Award that the Committee determines to be appropriate.

(ii) **Other Adjustments.** The Committee (and the Board if and only to the extent such authority is not required to be exercised by the Committee to comply with relevant provisions of the Code) is authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards (including Performance Awards, or Performance Goals relating thereto) in recognition of unusual or nonrecurring events (including, without limitation, acquisitions and dispositions of businesses and assets) affecting the Company, any Subsidiary or any business unit, or the financial statements of the Company or any Subsidiary, or in response to changes in applicable laws, regulations, accounting principles, tax rates and regulations or business conditions or in view of the Committee's assessment of the business strategy of the Company, any Subsidiary or business unit thereof, performance of comparable organizations, economic and business conditions, personal performance of a Participant, and any other circumstances deemed relevant.

(d) **Taxes.** The Company and any Subsidiary are authorized to withhold from any Award granted, any payment relating to an Award under the Plan, including from a distribution of Shares, or any payroll or other payment to a Participant, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company or any Subsidiary and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Shares and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee, subject to compliance with applicable law.

(e) **Amendment and Termination of the Plan or Awards.** The Board or the Committee may amend, alter, suspend, discontinue or terminate the Plan, or the Committee's authority to grant Awards under the Plan, or any Award Agreement, without the consent of stockholders or Participants, except that any such amendment shall be subject to approval of the stockholders of the Company in the manner and to the extent required by applicable law (including applicable stock exchange requirements). In addition, without limiting the foregoing, unless approved by the stockholders of the Company, no such amendment shall be made that would:

- (i) materially increase the maximum number of Shares for which Awards may be granted under the Plan, other than an increase pursuant to Section 10(c);
- (ii) reduce the minimum exercise price for Options granted under the Plan;
- (iii) Reprice any outstanding Awards, other than in connection with a change in the Company's capitalization (as described in Section 10(c)); or
- (iv) change the class of persons eligible to receive Awards under the Plan.

Notwithstanding the foregoing, without the consent of an affected Participant, no such Board or Committee action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. No amendment, suspension or termination of the Plan shall impair the rights of any Participant under an outstanding Award, unless agreed to in a writing signed by the Participant and the Company. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award Agreement relating thereto, except as otherwise provided in the Plan; provided that, without the consent of an affected Participant, no such Committee or the Board action may materially and adversely affect the rights of such Participant under such Award.

(f) **Limitation on Rights Conferred Under Plan.** Neither the Plan nor any action taken hereunder or under any Award shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or a Subsidiary; (ii) interfering in any way with the right of the Company or a Subsidiary to terminate any Eligible Person's or Participant's Continuous Service at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and Employees, or (iv) conferring on a Participant any of the rights of a stockholder of the Company including, without limitation, any right to receive dividends or distributions, any right to vote or act by written consent or any right to attend meetings of stockholders unless and until such time as the Participant is duly issued Shares on the stock books of the Company in accordance with the terms of an Award. Neither the Company nor any of the Company's officers, directors, representatives or agents are granting any rights under the Plan to the Participant whatsoever, oral or written, express or implied, other than those rights expressly set forth in this Plan or the Award Agreement.

(g) **Unfunded Status of Awards; Creation of Trusts.** The Plan is intended to constitute an “unfunded” plan for incentive compensation. With respect to any payments not yet made to a Participant or obligation to deliver Shares pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided that the Committee may authorize the creation of trusts and deposit therein cash or Shares, or make other arrangements to meet the Company’s obligations under the Plan. Such trusts or other arrangements shall be consistent with the “unfunded” status of the Plan unless the Committee otherwise determines with the consent of each affected Participant. The trustee of such trusts may be authorized to dispose of trust assets and reinvest the proceeds in alternative investments, subject to such terms and conditions as the Committee may specify and in accordance with applicable law.

(h) **Non-exclusivity of the Plan.** Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable.

(i) **Fractional Shares.** No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(j) **Governing Law.** The validity, construction and effect of the Plan, any rules and regulations under the Plan, and any Award Agreement shall be determined in accordance with the laws of the State of Delaware without giving effect to principles of conflict of laws, and applicable federal law.

(k) **Non-U.S. Laws.** The Committee shall have the authority to adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of foreign countries in which the Company or its Subsidiaries may operate to assure the viability of the benefits from Awards granted to Participants performing services in such countries and to meet the objectives of the Plan.

(l) **Plan Effective Date and Shareholder Approval; Termination of Plan.** The Plan became effective on the Effective Date. The Plan shall terminate at the earliest of (a) such time as no Shares remain available for issuance under the Plan, (b) termination of this Plan by the Board or the Committee, or (c) the tenth anniversary of the Effective Date. Awards outstanding upon expiration of the Plan shall remain in effect until they have been exercised or terminated, or have expired.

EXHIBIT A

OPTIONS - ADDENDUM

France

The Committee has determined that it is necessary and advisable to establish a sub-plan for the purpose of permitting options to qualify for the French specific tax and social security treatment. Therefore, options granted under the Amended and Restated Incentive Compensation Plan (the Plan”) by Asensus Surgical, Inc. (the “Company”) to employees who are French tax residents and/or subject to the French social security regime on a mandatory basis on the Grant Date (the “French Participants”) of its Related Entities may be granted under the terms of this Addendum as follows:

1. Definitions:

Capitalized terms not otherwise defined herein shall have the same meanings as set forth in the Plan and in the Option Agreement. In the event of a conflict between the terms and conditions of the Plan, this Addendum and the Option Agreement, the terms and conditions of the Plan shall prevail except for the following additional terms that shall be defined as follows:

- Grant Date: the term “Grant Date” shall be the date on which the Board or the Committee (i) designates the French Participant(s), (ii) sets up the Exercise Price of the options, and (iii) specifies the terms and conditions of the options.
- Related Entities: the term “Related Entities” means the companies within the meaning of Article L. 225-197-2 of the French Commercial Code or any provision substituted for same.

2. Specific conditions laid down under this Addendum:

- 1) Notwithstanding any other provision of the Plan, options granted to any Participant who is a consultant, an “Administrateur,” or a member of the “Conseil de Surveillance,” as these terms are defined in French Corporate law, and who does not have a work contract with the Company or its Related Companies will be deemed to have not been granted an option pursuant to this Addendum.
 - 2) Notwithstanding any other provision of the Plan, the number of options offered through the Plan cannot exceed one third of the capital of the Company. This limit is reduced to 10% of the company capital if the options are granted over treasury shares.
 - 3) Notwithstanding any other provision of the Plan, no option can be granted to a French Participant who holds directly or indirectly more than ten percent (10%) of the Company’s share capital.
 - 4) Notwithstanding any other provision of the Plan, any option with an Exercise Price on the Grant Date of the option that is less than 80% of the average of the market value of the underlying share during the twenty (20) trading days (using opening quotation) preceding the Grant Date shall be deemed to have not been granted under this Addendum. In addition, with respect to options to purchase existing shares, any option with an Exercise Price that is less than 80% of the average price paid by the Company to buy back the Shares it holds as at Grant Date shall be deemed to have not been granted under this Addendum.
-

- 5) Notwithstanding any other provision of the Plan, options cannot be granted before the end of a period of twenty (20) stock exchange sessions after the date on which Shares are traded without dividend rights or capital increase subscription rights (“détachement du coupon”).
- 6) Notwithstanding any other provision of the Plan, no options can be granted during the ten (10) stock exchange sessions preceding or following the publication of the annual financial consolidated account or the annual financial statement.
- 7) Notwithstanding any other provision of the Plan, no options can be granted during the period starting the date the corporate management of the company is aware of information the publication of which could have a substantial consequence on the Fair Market Value of the Shares and ending ten (10) stock exchange sessions after the publication of this information.
- 8) Notwithstanding any other provision of the Plan, the Exercise Price of an option shall be adjusted only upon the occurrence of the events under section L.225-181 of the French Commercial Code. Any reduction by the Company, to the Exercise Price of an outstanding and unexercised option previously issued under this Addendum, to the current Fair Market Value of the underlying Shares shall be deemed to not have been an option granted under this Addendum.
- 9) Notwithstanding any other provision of the Plan, in the event of the death of a French Participant, the heirs of such French Participant shall have a six (6)-month period from the date of such French Participant's death, to exercise all or part of the options held by such French Participant on the day of his death regardless of whether or not they are vested. As a consequence, all the options held by such French Participant which have not yet been exercised by his/her heirs upon the expiration of the aforementioned six (6)-month period, shall be definitively and automatically forfeited.
- 10) Notwithstanding any other provision of the Plan and, except in the case of death of the French Participant, the options are non-transferable.
- 11) Notwithstanding any other provision of the Plan, it is intended that the options granted under this Addendum shall qualify for the special tax and social security treatment applicable to stock options according to Sections L. 225-177 to L. 225-186-1 of the French Commercial Code and in accordance with the relevant provisions set forth by French income tax and social security laws, but no undertaking is made to maintain such status.

The terms of the options granted to French Participants in accordance with this Addendum shall be interpreted accordingly and in accordance with the relevant provisions set forth by French income tax and social security laws, as well as the relevant administrative guidelines and subject to the fulfillment of any applicable legal, tax and reporting obligations, if applicable.

This Addendum is adopted and is effective as of October 26, 2015.

ASENSUS SURGICAL - RESTRICTED STOCK UNITS (RSU) - ADDENDUM

FRANCE

The Committee has determined that it is necessary and advisable to establish a sub-plan for the purpose of permitting Restricted Stock Units (“RSU”) to qualify for the French specific tax and social security treatment applicable to free share awards granted in accordance with Articles L.225-197-1 to L.225-197-6 of the French Commercial Code.

Therefore, RSU granted under the Amended and Restated Incentive Compensation Plan (the Plan”) by Asensus Surgical, Inc. (the “Company”) to employees who are French tax residents and/or subject to the French social security regime on a mandatory basis on the Grant Date (the “French Participants”) of its Related Entities may be granted under the terms of this Addendum as follows:

1. Definitions:

Capitalized terms not otherwise defined herein shall have the same meanings as set forth in the Plan and in the Agreement. In the event of a conflict between the terms and conditions of the Plan, this Addendum and the Agreement, the terms and conditions of the Plan shall prevail except for the following additional terms that shall be defined as follows:

- “Closed Period” means (i) ten quotation days preceding and three quotation days following the disclosure to the public of the consolidated financial statements or annual statement of the Company; or (ii) the period as from the date the corporate management possesses material information which could, if disclosed to the public, significantly impact the quotation of the Shares of the Company, until ten quotation days after the day such information is disclosed to the public.
- “Disability” means disability as determined in categories 2 and 3 under Article 341-4 of the French Social Security Code.
- “First Vesting Date” shall mean the date the first one-third of the RSU become non-forfeitable and converted into Shares as provided for in the Agreement.
- “Grant Date” shall be the date on which the Committee (i) designates the French Participants; and (ii) specifies the terms and conditions of the RSU, including the number of Shares to be transferred at a future date, the Vesting Period, the Holding Period, the conditions for the delivery of the Shares underlying the RSU by the Company, if any, and the conditions for the disposal of the Shares, if any.
- “Holding Period” shall mean the period of at least two years following the First/Second/Third Vesting Dates during which the Shares cannot be sold or transferred.
- “Related Companies” means the companies within the meaning of Article L. 225-197-2 of the French Commercial Code or any provision substituted for same.
- “RSU” shall mean a promise by the Company to transfer Shares to a French Participant, at a future date, for free as long as the French Participant fulfills the conditions as provided for in the Agreement. The French Participants are not entitled to any dividend or voting rights until the Shares are transferred to the French Participant.

- “Second Vesting Date” shall mean the date the second one-third of the RSU become non-forfeitable and converted into Shares as provided for in the Agreement.
- “Third Vesting Date” shall mean the date the last one-third of the RSU become non-forfeitable and converted into Shares as provided for in the Agreement.
- “Vesting Date” shall mean the date the RSU become non-forfeitable and converted into Shares. The vesting schedule is provided for in the Agreement and may be composed of a First Vesting Date, a Second Vesting Date or a Third Vesting Date. To qualify for the French special tax and social security regime, such First Vesting Date shall not occur prior to the second anniversary of the Grant Date.

2. Specific conditions laid down under this Addendum:

- 1) This Addendum shall be applicable to French Employees and corporate officers (e.g., Président du Conseil d’Administration, Directeur Général, Directeur Général Délégué, Membre du Directoire, Gérant de sociétés, Président de sociétés par actions) of a Related Company and who is a French tax resident and/or subject to the French social security regime on a mandatory basis at the time of the grant (the “French Participants”).
- 2) RSU may be granted only to French Participants who hold less than ten percent (10%) of the outstanding Shares of the Company at the Grant Date, being specified that a grant cannot entitle a French Participant to hold more than ten percent (10%) of the share capital of the Company.
- 3) The First Vesting Date, the Second Vesting Date and the Third Vesting Date shall not occur prior to the expiration of a period of at least two years calculated from the Grant Date. However, notwithstanding the above, in the event of the death or Disability of a French Participant, all of his or her outstanding RSU shall vest as set forth in Section 8 and in Section 9 below.
- 4) The Shares are automatically transferred to the French Participant upon Vesting Date. The Shares transferred to a French Participant shall be recorded in the name of the French Participant in an account with the Company or a broker, or in such other manner as the Company may otherwise determine, to ensure compliance with applicable restrictions provided under French tax law.
- 5) Unless and until such time as Shares are transferred to the French Participant, the French Participant shall have no ownership of the Shares allocated to the RSU and shall have no right to vote and to receive dividends, if applicable, subject to the terms, conditions and restrictions described in the Plan, in the Agreement and herein.
- 6) The Shares shall not be sold, assigned, transferred, pledged, hypothecated, or otherwise disposed of until the end of the Holding Period. This Holding Period applies even if the French Participant is no longer an employee or corporate officer of a Subsidiary in France, except as provided for in Section 8, in Section 9 and in Section 10 below. As from the end of each Holding Period (the release Date), the corresponding Shares shall be freely transferable, subject to applicable legal and regulatory provisions in force. In addition, the Shares allocated under this Addendum may not be sold or transferred during Closed Periods.
- 7) Notwithstanding any provision in the Plan to the contrary and, except in the case of French Participant’s death, the RSU are not transferable.

- 8) In the event of the death of a French Participant, all RSU held by the French Participant at the time of death shall become immediately transferable to the French Participant's heirs. The Company shall transfer the underlying Shares to the French Participant's heirs, at their request, provided such request occurs within six months following the death. Notwithstanding the foregoing, the French Participant's heirs are not subject to the restriction on the sale of shares set forth in Section 6 above.
- 9) In the event of the Disability of a French Participant, all RSU held by the French Participant at the time of termination due to the Disability become vested in full. In addition, the French Participant is no longer subject to the restriction on the sale of Shares set forth in Section 6 above.
- 10) In the event the French Participant is no longer a French tax resident and is no longer affiliated to the French social security regime on a mandatory basis at Vesting Date, the Holding Period as provided for in this Addendum should not apply.
- 11) It is intended that the RSU granted under this Addendum shall qualify for the special tax and social security treatment applicable to free shares granted under Sections L. 225-197-1 to L. 225-197-6 of the French Commercial Code and in accordance with the relevant provisions set forth by French tax and social security laws, but no undertaking is made to maintain such status.

The terms of the RSU granted to French Participants shall be interpreted accordingly and in accordance with the relevant provisions set forth by French tax and social security laws, as well as the relevant administrative guidelines and subject to the fulfillment of any applicable legal, tax and reporting obligations, if applicable.

This Addendum is adopted and is effective as of October 26, 2015.

For the avoidance of doubt, such Election shall not prevent the Board from granting Non-Trustee Grants to Eligible 102 Participants at any time.

3.2 Eligible 102 Participants may receive only 102 Trustee Grants or Non-Trustee Grants under this Sub-Plan. Persons who are not Eligible 102 Participants may be granted only 3(i) Awards under this Sub-Plan or Non-Trustee Grants.

3.3 No 102 Trustee Grants may be granted pursuant to this App Sub-Plan until 30 days after the requisite filings required by the ITO and the ITO Rules have been filed with the ITA.

3.4 The Award Agreement or documents evidencing an Award granted under this Sub-Plan shall indicate (i) whether the Award is a 102 Trustee Grant, a Non-Trustee Grant or a 3(i) Award, and (ii) if the grant is a 102 Trustee Grant, whether it is a 102 Capital Gains Track Grant or a 102 Earned Income Track Grant.

4. Terms and Conditions of 102 Trustee Grants.

4.1 Each 102 Trustee Grant will be deemed granted on the date stated in a written notice by the Company, in accordance with the provisions of Section 102 and the Trust Agreement.

4.2 Each 102 Trustee Grant granted to an Eligible 102 Participant shall be held by the Trustee and each certificate for Shares acquired pursuant to a 102 Trustee Grant shall be issued to and registered in the name of a Trustee and shall be held in trust for the benefit of the Eligible 102 Participant for the Required Holding Period. After termination of the Required Holding Period, the Trustee may release such Award and any such Shares, provided that (i) the Trustee has received an acknowledgment from the ITA that the Eligible 102 Participant has paid any applicable tax due pursuant to the ITO; or (ii) the Trustee and/or the Company withholds any applicable tax due pursuant to the ITO. The Trustee shall not release any 102 Award or Shares issued thereunder and held by it prior to the full payment of the Eligible 102 Participant's tax liabilities.

4.3 Each 102 Trustee Grant (whether a 102 Capital Gains Track Grant or a 102 Earned Income Track Grant, as applicable) shall be subject to the relevant terms of Section 102 and the ITO, which shall be deemed an integral part of the 102 Trustee Grant and shall prevail over any term contained in the Plan, this Sub-Plan or any Award Agreement that is not consistent therewith. Any provision of the ITO and any approvals by the ITA not expressly specified in this Sub-Plan or any document evidencing an Award that are necessary to receive or maintain any tax benefit pursuant to Section 102 shall be binding on the Eligible 102 Participant. The Trustee and the Eligible 102 Participant granted a 102 Trustee Grant shall comply with the ITO and the terms and conditions of the Trust Agreement entered into between the Company and the Trustee. For the avoidance of doubt, it is reiterated that compliance with the ITO specifically includes compliance with the ITO Rules. Further, the Eligible 102 Participant agrees to execute any and all documents which the Board or the Trustee may reasonably determine to be necessary in order to comply with the provision of any applicable law, and, particularly, Section 102.

4.4 During the Required Holding Period, the Trustee shall not be required to release an Award, Shares acquired pursuant to such Award, or other shares received subsequently following any realization of rights derived from such Award or Shares (including share dividends) to the Eligible 102 Participant or sell such Award, Shares, or other shares to a third party, unless permitted to do so by applicable law. Notwithstanding the foregoing, the Trustee may, pursuant to a written request and subject to applicable law, release and transfer such Shares to a designated third party, provided that both of the following conditions have been fulfilled prior to such transfer: (i) all taxes required to be paid upon the release and transfer of the Share have been withheld for transfer to the ITA; and (ii) the Trustee has received written confirmation from the Board that all requirements for such release and transfer have been fulfilled according to the terms of the Company's corporate documents, the Plan, any applicable agreement and any applicable law. For the avoidance of doubt, such sale or release during the Required Holding Period will result in different tax ramifications to the Eligible 102 Participant under Section 102 of the ITO and the ITO Rules and/or any other regulations or orders or procedures promulgated thereunder, which shall apply to and shall be borne solely by such Eligible 102 Participant.

4.5 In the event a share dividend is declared and/or additional rights are granted with respect to Shares which were issued upon an exercise of a 102 Trustee Grant, such dividend and/or rights shall also be subject to the provisions of this Section 4, and the Required Holding Period for such share dividend and/or rights shall be measured from the commencement of the Required Holding Period for the 102 Trustee Grant with respect to which the dividend was declared and/or rights granted. In the event of a cash dividend on the 102 Trustee Grant or such Shares, the Trustee shall transfer the dividend proceeds to the Eligible 102 Participant after deduction of taxes and mandatory payments in compliance with applicable withholding requirements.

4.6 If an Award which is granted as a 102 Trustee Grant is exercised or vests during the Required Holding Period, the Shares issued upon such exercise or vesting shall be issued in the name of the Trustee for the benefit of the Eligible 102 Participant. If such Shares are issued after the Required Holding Period has lapsed, the Shares issued upon such exercise or vesting shall, at the election of the Eligible 102 Participant, either (i) be issued in the name of the Trustee or (ii) be transferred to the Eligible 102 Participant directly, provided that the Eligible 102 Participant first complies with all applicable provisions of the Plan and pays all taxes which apply on issuance of the Shares or to such transfer of Shares.

4.7 To avoid any doubt, notwithstanding anything to the contrary in the Plan, no Award qualifying as a 102 Trustee Grant shall be substituted for payment in cash or any other form of consideration, including other Awards or Shares, in the absence of an express approval of the ITA in advance for such substitution.

5. Assignability.

As long as Awards or Shares are held by the Trustee on behalf of an Eligible 102 Participant, no rights of the Eligible 102 Participant over the Awards or Shares may be transferred, assigned, pledged or mortgaged, other than by will or laws of descent and distribution.

6. Tax Consequences.

6.1 Any tax consequences arising from the grant or exercise of any Award, from the payment for Shares covered thereby, or from any other event or act (of the Company, the Company's its Affiliates, the Trustee, and/or the Participant), hereunder, shall be borne solely by the Participant. The Company, its Affiliates, and/or the Trustee shall withhold taxes according to the requirements under the applicable law (including applicable rules and regulations), including withholding taxes at source. Furthermore, the Participant shall agree to indemnify the Company, its Affiliates, and/or the Trustee and hold them harmless against and from any and all liability for any such tax or interest or penalty thereon, including without limitation, liabilities relating to the necessity to withhold, or to have withheld, any such tax from any payment made to the Participant. The Company, or any of its Affiliates and the Trustee may make such provisions and take such steps as it may deem necessary or appropriate for the withholding of all taxes required by law to be withheld with respect to Awards granted under the Sub-Plan and the exercise or vesting or sale thereof, including, but not limited, to (i) deducting the amount so required to be withheld from any other amount then or thereafter payable to a Participant, (ii) requiring a Participant to pay to the Company or any of its Affiliates the amount so required to be withheld as a condition of the issuance, delivery, distribution or release of Shares, and/or (iii) by causing the exercise of an Award and/or the sale of Shares held by or on behalf of a Participant to cover such liability, up to the amount required to satisfy minimum statutory withholding requirements. In addition, the Participant will be required to pay any amount which exceeds the tax to be withheld and remitted to the tax authorities, pursuant to applicable tax laws, regulations and rules.

6.2 With respect to Non-Trustee Grants, if an Eligible 102 Participant ceases to be a Company's Affiliate employee or director, the Eligible 102 Participant shall extend to the Company and/or its Affiliate security or a guarantee for the payment of tax due at the time of sale of Share to the satisfaction of the Board, all in accordance with the provisions of Section 102 of the ITO and the ITO Rules.

7. Governing Law and Jurisdiction.

The validity and enforceability of the Sub-Plan shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to the provisions governing conflict of laws and applicable federal law, except to the extent that mandatory provisions of the laws of the State of Israel apply.

8. Securities Laws.

This Sub-Plan shall be subject to all applicable law. The Board shall be entitled to require Participants to comply with such applicable law as may be necessary. Furthermore, the grants of any Award under the Sub-Plan shall be subject to the procurement by the Company or its Affiliates of all approvals and permits required by regulatory authorities having jurisdiction over this Sub-Plan and the Awards granted hereunder.

This Addendum is adopted and effective as of September 21, 2018.

3. Subsections 2(h), 2(n), 2(p) and 2(rr) of the Plan shall, for the purposes of this Appendix, be amended to read as follows:

“(h) “**Cause**” with respect to any Participant, unless Ontario Law governs the employment of the Participant with the Company or a Subsidiary, has the meaning specified in an employment or other agreement with, for the performance of services to, the Company or a Subsidiary, or in the absence of any such agreement, “Cause” means (i) the failure by the Participant to perform, in a reasonable manner, his or her duties as assigned by the Company or a Subsidiary, (ii) any violation or breach by the Participant of his or her employment, consulting or other similar agreement with the Company or a Subsidiary, if any, (iii) any violation or breach by the Participant of any non-competition, non-solicitation, non-disclosure and/or other similar agreement with the Company or a Subsidiary, (iv) any act by the Participant of dishonesty or bad faith with respect to the Company or a Subsidiary, (v) use of alcohol, drugs or other similar substances in a manner that adversely affects the Participant’s work performance, or (vi) the commission by the Participant of any act, misdemeanor, or crime reflecting unfavorably upon the Participant or the Company or any Subsidiary. If Ontario Law governs the employment of the Participant with the Company or a Subsidiary, “Cause” shall mean, with respect to the Participant’s employment, the Participant is guilty of wilful misconduct, disobedience or wilful neglect of duty that is not trivial and has not been condoned by the Company and/or its Subsidiary. The good faith determination by the Committee of whether the Participant’s Continuous Service was terminated by the Company for “Cause” shall be final and binding for all purposes hereunder.

- (n) “**Continuous Service**” means the uninterrupted provision of services to the Company or any Subsidiary in any capacity of Employee, Director, Consultant or other service provider. Continuous Service shall not be considered to be interrupted in the case of (i) any approved leave of absence, (ii) transfers among the Company, any Subsidiaries, or any successor entities, in any capacity of Employee, Director, Consultant or other service provider, or (iii) any change in status as long as the individual remains in the service of the Company or a Subsidiary in any capacity of Employee, Director, Consultant or other service provider (except as otherwise provided in the Award Agreement). An approved leave of absence shall include sick leave, military leave, or any other authorized personal leave. For absolute clarity, Continuous Service ends on the Termination of Employment of an Employee of the Company or a Subsidiary.
- (p) “**Disability**” means a permanent and total disability (within the meaning of Section 22(e) of the Code or, if Ontario Law applies, pursuant to applicable Ontario Law), as determined by a medical doctor satisfactory to the Committee.
- (rr) “**Termination of Employment**” means, with respect to any Employee and unless Ontario Law governs the employment of the Employee with the Company or a Subsidiary, the Employee’s ceasing to be an Employee; provided, however, that for Incentive Stock Option purposes, Termination of Employment will occur when the Participant ceases to be an employee (as determined in accordance with Code Section 3401(c) and the regulations promulgated thereunder) of the Company or one of its Subsidiaries; and provided further that for any Award subject to Section 409A, Termination of Employment means a separation from service within the meaning of Section 409A. If Ontario law governs the employment of the Employee with the Company or a Subsidiary, “Termination of Employment” shall occur on the earliest of, as applicable, the date the Employee’s employment is terminated for Cause, the end of the applicable minimum notice period required by the *Employment Standards Act, 2000* in the event the Employee’s employment is terminated without Cause, the date the Employee delivers notice of resignation or retirement, the Employee’s death, or on the frustration of the Employee’s employment with the Company or a Subsidiary including but not limited to as a result of a Participant’s Disability. No period of common law notice (if applicable) or any other notice shall apply or be considered in respect of determining the Termination of Employment date for the purposes of the Plan. The Committee shall determine whether any corporate transaction, such as a sale or spin-off of a division or business unit, or a joint venture, shall be deemed to result in a Termination of Employment.”

4. Subsection 6(b)(ii) of the Plan shall be amended by replacing it in its entirety with the following:

“(ii) **Vesting Period, Performance Goals and Time and Method of Exercise.** Options granted under the Plan shall vest and be exercisable at such time, subject to achievement of designated Performance Goals, if any, and/or in such installments during the period prior to the expiration of the Option’s term as determined by the Committee and set forth in the Award Agreement. The minimum vesting schedule for Options shall be six months after the date of grant. The Committee shall determine the methods by which the exercise price may be paid or deemed to be paid and the methods by or forms in which Shares will be delivered to Participants; provided that the exercise price may not be paid or deemed to be paid with Shares (including the withholding of Shares otherwise deliverable pursuant to an Award).”

5. Subsection 6(b)(v) of the Plan shall be amended to delete the provision in its entirety.

6. Section 7(c) of the Plan shall be amended to include at the end of the provision the following:

“Shares are subject to certain restrictions on resale imposed by Canadian provincial securities laws. Notwithstanding any other provision of the Plan, any transfer or resale of any Shares acquired by the Participant pursuant to the Plan must be in accordance with the resale rules under applicable Canadian provincial securities laws, including 72-503, if he / she is a resident in the Province of Ontario. In Ontario, the prospectus requirement does not apply to the first trade of Shares issued in connection with the exercise of the Awards, provided the conditions set forth in section 2.8 of 72-503 are satisfied. The Shares acquired under the Plan may not be transferred or sold in Canada or to a Canadian resident other than in accordance with applicable provincial or territorial securities laws. The Participant is advised to consult his / her legal advisor prior to any resale of Shares.”

7. Section 7(d) of the Plan shall be amended by replacing it in its entirety with the following:

“(d) **Code Section 409A.** Shares shall not be issued pursuant to the exercise of an Award unless the issuance and delivery of such Shares shall comply with applicable laws, including but not limited to any applicable Ontario Law, and shall be further subject to the approval of counsel for the Company with respect to such compliance. Without limiting the foregoing, the Plan is intended to comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, the Committee shall make a good faith effort to interpret and administer the Plan in compliance therewith. Any payments described in the Plan that are due within the “short-term deferral period” as defined in Section 409A of the Code shall not be treated as deferred compensation unless applicable laws require otherwise. For purposes of Section 409A of the Code, each installment payment provided under this Plan shall be treated as a separate payment. Notwithstanding anything to the contrary in the Plan, to the extent required to avoid accelerated taxation and tax penalties under Section 409A of the Code, and save as required by applicable law, including but not limited to any applicable Ontario Law (a) amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan during the six (6) month period immediately following the Participant’s termination of Continuous Service shall instead be paid on the first payroll date after the six-month anniversary of the Participant’s separation from service (or the Participant’s death, if earlier), and (b) amounts payable upon the termination of a Participant’s Continuous Service shall only be payable if such termination constitutes a “separation from service” within the meaning of Section 409A of the Code. Notwithstanding the foregoing, neither the Company, any Subsidiary nor the Committee shall have any obligation to take any action to prevent the assessment of any excise tax or penalty on any Participant under Section 409A of the Code and neither the Company nor the Committee will have any liability to any Participant for such tax or penalty.”

8. Subsection 8(a) of the Plan shall be amended by replacing it in its entirety with the following:

“(i) **Options.** Unless Ontario Law governs the Participant’s employment with the Company or a Subsidiary, all outstanding vested and exercisable Options granted to such Participant shall remain exercisable for 90 days after Termination of Employment; provided, that the Option will expire at the expiration of the stated term if earlier. If Ontario Law governs the Participant’s employment with the Company or a Subsidiary, all outstanding vested and exercisable Options granted to such Participant shall remain exercisable until the earlier of the expiry of the stated term or 90 days after:

(a) the Participant is provided notice of Termination of Employment without Cause (if applicable); or otherwise

(b) a Termination of Employment for reasons other than a Termination of Employment (i) for Cause, (ii) as a result of the delivery of a notice of resignation or retirement by the Participant, (iii) as a result of a Participant’s Disability, or (iv) on the Participant’s death.

(ii) **Other Awards.** All outstanding and unvested Awards other than Options shall be forfeited on Termination of Employment.”

9. Subsection 10(a) of the Plan shall be amended by adding “, provincial” after the word “federal” in the first sentence.

10. Subsection 10(d) of the Plan shall be amended by adding the following at the end of the provision:

“The Company and any Subsidiary shall have the power and the right to require a Participant to remit to the Company or any Subsidiary, any amount necessary to satisfy federal, provincial, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan.”

11. Subsection 10(e) of the Plan shall be amended by adding the following sentence after the first sentence:

“No amendment, alteration, suspension, discontinuance or termination of the Plan shall constitute constructive termination of the Participant’s employment by the Company or a Subsidiary, whether under the Plan, statute, contract or common law.”

12. Subsection 10(j) of the Plan shall be amended to add the following at the end of the last sentence:

“, save and except and only to the extent required by, applicable Ontario Law.”
